Invaders Halted in Radowa Hills and Truck Column Ambushed on Southern Front, Where Emperor's Generals Are Preparing to Risk Everything in One Great Battle; Strong Ethiopian Force Marches on Town on Northern Front

Canadian Press from Havas
Harar, Nov. 20.—Emperor Haile Selassie's generals on the Ogaden (southern) front intend to risk everything in one great battle rather than subject their men to the wearing grind of a drawn-out campaign, it is becoming increasingly evident here.
These Ethiopian chieftains realize as well as anyone that their soldiers are unfitted, temperamentally or otherwise, for a prolonged campaign characterized by a series of chain engagements.

ROYAL PAIR VISITS CITY

Prince of Asturias and His Bride in Victoria on Honey-moon

On their wedding trip around the world, Juan de Bourbon, heir pretender to the throne of Spain, and his bride, Marie de la Espérance of Bourbon, came to Victoria for an hour yesterday afternoon, had a brief look at the city and proceeded to Seattle on the S.S. Princess Alice.
"We're just a young couple having an enjoyable trip," the young prince said.
Although he refused to be interviewed here, the Prince of Asturias spoke optimistically in other parts of Canada regarding the restoration of his house.

FAMILY HOPEFUL

"Politics are the most difficult thing in the world to predict," he said.
"No one knows when it will come, but it will come. I have no doubt of that whatever."
"My father will reign before I will. There is a very strong Monarchist party at present in Spain."
"Naturally we should be the last to give up hope. Meantime my wife and I are enjoying ourselves."
Avoiding all formalities the prince and princess, who were married October 12 in Rome, left Seattle to-day and will go to San Francisco and Los Angeles, visiting Hollywood and other southern California cities before returning to San Francisco to take passage November 29 by the Dollar line President Hoover for Honolulu and the Orient. They are on a trip around the world.

Northern China "Autonomy" Move Is Stated Postponed

By ALBERT W. WILSON
Associated Press Foreign Staff
Addis Ababa, Nov. 20.—Pitaval (Commander) Bakala Ayala, commanding 1,000 of Ethiopia's best marksmen, to-day successfully halted an Italian advance in the Radowa Hills, inflicting heavy losses, it was reliably reported here.
Bakala Ayala, formerly Emperor Haile Selassie's chief huntsman, was ordered several weeks ago to hold an important post in the hills at all costs.
Government officials here pointed out that no counter-attacks are permitted yet by orders of the Emperor. These officials also stated the Ethiopian armies are delaying major operations until December. November is described as the worst month for fever in Ogaden province, southern province, especially this year because of unseasonable rains.
These rains are also said by the Ethiopians to have claimed many Italian lives.
Dispatches to the capital from Harar said the Emperor had passed through that city in an automobile proceeding in the direction of Dire Dawa.
CONVOY AMBUSHED

Peiping Report Says Scheme Indefinitely Delayed; Japanese Ambassador Says Chiang Foresees No Untoward Events

Peiping, Nov. 20.—Proclamation of north China's "autonomy," due to-day, was reported to-night to have fallen through. Chinese foreign sources, including local representatives of the Chinese Foreign Ministry, were said to have indicated the proclamation of autonomy had been indefinitely postponed.
While Peiping waited to see whether this was the case, Japanese spokesmen indicated the crux of the situation lay, not in the name or label the regime would be given, but in establishment of a regime whose policies would be satisfactory to Japanese interests.
JAPANESE STATEMENT
In an interview with Havas, Major Takahashi, Japanese military attaché of the Embassy here, outlined Japan's position in the present situation as follows:
1. Major-General Kenji Doihara did not serve an ultimatum on the Chinese authorities here with regard to the proclamation of autonomy.
2. There is no intention of absorbing north China into Manchukuo, nor setting Emperor Kang Teh (Henry) (Turn to Page 2, Col. 4.)

City Expects Minor Deficit

Grain Elevator Chiefly Responsible For Anticipated Shortage At End of Year; Other Departments Show Close Estimating

Unforeseen contingencies, chiefly the loss of revenue from the Panama Pacific Grain Terminal Ltd. and the B.C. Worsteds Mills, will probably cause Victoria to finish its financial year with a deficit, it was understood from a review of city financing to-day.
With no less for the grain elevator, that institution has caused a loss of \$40,000 this year to date, while the worsteds mills are virtually responsible for \$7,500 to the deficit.
Exactly what the standing of the city would be at the end of December depended largely on the tax collections for November and December and the ability of the company to meet the grain elevator. It was understood.
Apart from these features, over which the City Council could have no control, the 1935 budget has revealed extraordinarily close estimating.
Revenues of all sorts are very close to the figures set when the budget was drawn up, while various economies practiced by the council have resulted in savings which bid fair to amount to approximately \$30,000 in the expenditure lists.
DRAFT DELAYED
Mr. MacDonald was unable to complete the preliminary draft of the 1936 budget for the council's perusal Monday evening, owing to a delay in the receipt of certain bills for (Turn to Page 2, Col. 3.)

THREAT OF COAL STRIKE IN BRITAIN

Associated Press
Barnsley, Eng., Nov. 20.—Members of the Miners' Federation of Great Britain were announced officially to-day as having voted 93 per cent to empower their national executive committee to call a nationwide strike if necessary to enforce their demands for an increase by two shillings—forty-eight cents—a day.
The vote was 409,331 in favor of the project to 39,315 against.
The committee was authorized to convene a national conference negotiating acting from the ballot. (Turn to Page 2, Col. 1.)

KIDNAP THREAT ON ACTOR'S CHILD

Police Guard Around California Home of Victor Jory

Associated Press
Los Angeles, Nov. 20.—Police guard early to-day was thrown about the San Marino estate of Victor Jory, screen actor, following disclosure of an asserted kidnap plot against his daughter, Jean, five.
Jory told authorities his housekeeper had been notified in a telephone call that two men planned to abduct the girl.
The call, Jory said, came from a boxer in whom he formerly held an interest, Thomas Watson, who reported the two men beat him yesterday evening in an effort to obtain the actor's home address.

Nearing His Seventy-sixth Birthday, Earl Jellicoe Succumbs to Illness Contracted During Armistice Day Ceremony at Cenotaph in London; All Members of Family at Bedside at the End

Canadian Press and Associated Press
London, Nov. 20.—Earl Jellicoe, outstanding British naval figure in the Great War, died to-day. He was nearing his seventy-sixth birthday.
The immediate cause of the death of the Admiral of the Fleet was illness contracted November 11 during the Armistice Day ceremony at the Cenotaph here.
All the members of his family, including his wife, were at his bedside when he died at 6.30 p.m. in his home in the Kensington district of London.

EMPIRE TRADE TALKS IN 1936

Imperial Conference Expected to Be Held; British Cotton Statement

By THOMAS T. CHAMPTION
Canadian Press Staff Writer
London, Nov. 20.—An Imperial Conference will probably be held in 1936, it was stated to-day in usually well-informed quarters here, but no definite announcement is available. A decision may be reached during the visit of Prime Minister King to England, which is expected to take place during the next few weeks.
An official statement issued to-day by British cotton trade organization says that at present it is only possible to reach provisional conclusions regarding the effect of the mutual preferential tariffs worked out at the 1932 Imperial Conference in Ottawa. But the experience of the last few years suggests, the statement continues, that imperial preference has not so far resulted in any spectacular change of empire cotton markets. The experts of the empire, it is added, continued to fall in actual value, but the steady loss of the Indian market was checked, and the dominions have taken an increased amount of United Kingdom exports.
(Turn to Page 2, Col. 4.)

CANCELED HIS ENGAGEMENTS

Lord Jellicoe rose to his greatest fame as commander of the Grand Fleet at the Battle of Jutland in 1916. He was born December 5, 1859.
Lord Jellicoe's illness was announced in a bulletin November 17, which said the earl had contracted a chill, necessitating the cancellation of his engagements for three weeks. It was stated the chill had affected one lung, but further reports stated he was making satisfactory progress, and even this morning his condition was reported as satisfactory.
Physician: announced the earl "just quietly passed away."
His seventeen-year-old and only son, Viscount Brocas of Southampton, succeeds to the title of Earl Jellicoe of Scapa which was conferred on the Admiral in 1926. The Admiral himself became a viscount in 1918.

Admiral of the Fleet Earl Jellicoe was the central figure of one of the greatest controversies of naval history, namely, whether or not he was justified in refusing to close with the enemy under a fading sky in the Battle of Jutland, preferring the safety of his great fleet to the undetermined risk of a complete victory. Naval experts are to be found on either side. But undoubtedly on May 31, 1916, a tremendous responsibility was thrust on the Commander-in-Chief of the Grand Fleet when he went out to meet the German High Seas Fleet. The greatest fleet action of the Great War, for Jellicoe was the only man who single-handedly could have lost the war for the Allies on that day.
When the smoke of battle and the roar of giant guns had died away, and the scattered Grand Fleet was turned westward again at nearly 4 o'clock (Turn to Page 2, Col. 5.)

Canada Arranges New Trade Treaty With New Zealand

SPY SCARE IN BRITAIN NOW

Official Announcement of Arrest of Dr. N. Gortz, German, Headlined in Paris

Canadian Press
London, Nov. 20.—Spy-scare headlines such as have not been seen since the Great War appeared in the press here to-day after an official War Office announcement of the arrest of a German, Dr. Hermann Gortz.
Dr. Gortz was arrested under the Official Secrets Act, a section of which provides three to seven years imprisonment if, for any purpose prejudicial to the safety or interests of the state, a person "makes any sketch, plan, model or note" calculated to be "directly or indirectly useful to an enemy."
Newspapers said Gortz and a woman companion were well known at the seaside town of Broadstairs, Kent, where they were said to have been seen frequently wearing flying coats and air helmets.
Gortz, who appeared twice before a magistrate at Margate yesterday, was remanded until next Monday. The proceedings were expected to be secret.
Meanwhile the intelligence service was directing an energetic search for an accomplice of Dr. Gortz.

King Government Moves to Increase Exchange of Goods; Terms Soon to Be Announced

Ottawa, Nov. 20.—Canada has a new trade agreement with New Zealand. Following closely the signing of the pact with the United States by the King Government, the treaty with the sister Dominion is expected to increase the exchange of goods across the Pacific.
Details of the agreement, completion of which was announced yesterday evening in Ottawa, will be made public Thursday evening.
For the last three years and a half the two Dominions have been operating on a treaty which was signed April 23, 1932. This preceded the Ottawa conference by three months. There was no permanency to this pact, however, the arrangement, when it was signed, being that it should "remain in force for a period of one year." As a matter of routine, and pending conclusion of a more lasting treaty, it has been renewed annually.
AUTOS INCLUDED
In the pact which is being replaced, Canada granted New Zealand certain tariff concessions on sixty-one items, chiefly agricultural and fishery products. In return Canada was accorded lower rates on twenty items, of which the principal were agricultural implements and motor vehicles.
In the calendar year 1934 Canada exported to New Zealand goods to the value of \$6,820,707, and from that Dominion imported commodities valued at \$2,936,231.

Liquor Sales and Profits Greater

Control Board's Net Revenue Gains Eighteen Per Cent in First Six Months of Fiscal Year Despite Reduction in Prices; Sales Are Up \$438,973

Profits accruing to the provincial government from the Liquor Control Board operations during the six months ended September 30, showed an increase of \$189,271, or roughly 18 per cent, when compared with the corresponding period of 1934, according to a statement given out to-day showing the business for the first half of the current fiscal year.
This increase in profit was based on a jump of \$438,973 in the total volume of sales, despite a reduction in the price of spirituous liquors.
The net profit to the government during the period was \$1,250,241 as compared with \$1,060,969 for the same six months of last year.
This profit was reaped on sales totaling \$5,416,410, compared with sales of \$4,977,437 in the same period last year.
The actual increase in the physical volume of sales was even greater than shown by the figures. It is estimated, since prices were reduced on May 1 (Turn to Page 2, Col. 2.)

B.C. BEER SALE RECORD HIGH

(Continued from Page 1)

spent on beer by the glass is about \$3,300,000.

Taking into account bottled beer, this makes a total of \$4,293,000 spent on the "milk liquor" during the last six months. Against this the amount spent on all other forms of liquor including spirits, wines, imported ales, champagnes and so forth was \$2,789,916.

Records covering the last seven years show the trend away from spirits to beer. Where in 1929 the amount of beer purchased by licensees from the board was less than 20 per cent of the total board

sales, this year it was more than 30 per cent.

The difference in the proportion of public spending is even greater. In 1929 the public paid roughly 45 per cent as much for beer by the glass as it did on all other forms of liquor. This year it spent almost 90 per cent as much in beer parlors as on other liquors.

The following tabulation shows the trend:

In the first column is given the amount, in dollars, of the beer purchased by licensees from the liquor board, implying that the public paid approximately twice as much for it in the glass. The second column shows total sales of all kind made by the liquor board. The figures are for April 1 to September 30 in each year.

1929	\$1,607,983	\$8,454,710
1930	1,618,101	7,947,961
1931	1,511,755	6,382,595
1932	1,370,357	4,554,762
1933	1,302,284	4,487,082
1934	1,505,108	4,977,437
1935	1,609,199	5,416,410

The figures in the last column also reflect the steady increase in B.C. liquor sales after the depression slump. They are usually regarded as a good indicator of business conditions.

End Bad Cough Quickly, at One Fourth the Cost

Home-Mixed! No Cooking! Easy!

Thousands of housewives have found that, by mixing their own cough medicine, they get a much more effective remedy. They use a recipe at only one-fourth the usual cost of cough medicine, but which really breaks up distressing coughs in a hurry.

From any drugist get 2 1/2 ounces of Pinex. Pour this into a 16 ounce bottle and add granulated sugar syrup to fill the bottle. The syrup is easily made with 2 cups sugar and 1 cup water, stirred a few moments until dissolved. No cooking needed. It's no trouble at all, and makes a really effective remedy. Keeps perfectly and children love its taste.

Its quick action in loosening the phlegm, helping to clear the air passages and soothing away irritation, has caused it to be used universally throughout Canada.

Pinex is a compound containing Norway Pine in concentrated form, well known for its effect on throat membranes. Money refunded if it does not please you in every way.

Ethiopians Take Toll of Italians At Several Points

more than 450 casualties were suffered on both sides.

The fighting was most bloody, Ethiopian reports said, with quarter neither asked nor given by either side.

NATIVES KILLED

More than 150 native Somaliland troops of Italy's southern army were reported killed or wounded, while Italian officers leading the convoy were wounded but escaped.

The Ethiopians' casualties were estimated unofficially at more than 800. The native defenders, Harar advised, sprang on the convoy of seventy-two Italian half-ton trucks in the valley south of Sasa Baneh, strategic point 150 miles southeast of Harar, on the left bank of the Parana River.

A Harar dispatch yesterday evening read:

With the Italian army on the southern front, Nov. 19.—Night raids by Ethiopian guerrilla fighters, combined with torrential rains through this area, have halted temporarily the Italian northward advance toward Harar and the Djibouti Railway. High officers of General Rodolfo Graziani's Somaliland army said to-night.

Aware that they are faced by 120,000 Ethiopians arrayed along a line extending between two points south of Harar and Djibouti, the Italians have called in their advance patrols and are making to disperse the tribal bands operating in Ethiopia's extreme southeast.

By ANDREW HERDING
Associated Press Correspondent
Addis Ababa, Nov. 20.—A strong column of Ethiopians is marching on Seelot, eight miles from Makale, with the intention of attacking the Italian front between Dolo and Makale, reports received at Italian headquarters said to-day.

A headquarters spokesman said this enemy movement was in progress despite tremendous losses inflicted on the Ethiopians by Italian bombers.

The column advancing on Seelot was believed by Italian authorities to be another than the one dispersed by the "desperate" bombing squadron.

Scouting planes flying over the scene of Monday's battle between aerial and ground forces reported only a few Ethiopians were apparent in that territory.

Hundreds of dead were reported removed.

Addis Ababa, Nov. 20.—Emperor Haile Selassie, whose movements are guarded with the closest secrecy and censorship, to-day is believed by observers to be in the southern front, inspecting the headquarters of General Naibou, commander of Ethiopian forces in that section.

The emperor, who left here suddenly yesterday by airplane for an aerial tour of the southern front, was thought to be contemplating a visit to hospitals in Jijiga.

Government officials, who ordered the radio station not to pass any definite information relating to the emperor's whereabouts, said, however, his visit to the northern front will be delayed several days.

CITY EXPECTS MINOR DEFICIT

(Continued from Page 1)

expenditures up to the end of October.

The preliminary draft for the coming year is computed on the actual financing for 1935 up to that time together with an estimate of the revenue and expenditures for November and December.

"The revenues look good," Mr. Macdonald commented to-day. "They are just about the same as the estimates."

"With the exception of relief, for which figures have not yet been prepared, expenditures will probably run roughly \$20,000 less than estimates. Receipts other than taxes will be just a shade better than our estimates which appear extraordinarily close," he said.

TAX COLLECTIONS

Mr. Macdonald declined to hazard a guess as to the amount of taxes which would be collected during this month and next.

At the end of October, however, just 72.27 per cent of the current levy had been collected. According to the estimates drawn up early in the year, the city expected payment of 70 per cent of the 1935 taxes. With two months left for payment, the possibility of the remaining percentage being met was not considered beyond hope.

Another hopeful sign was seen in the fact the grain elevator might find a lessee before the end of the year. That feature of the city's financial outlook is virtually the only one which has not come up to expectations.

Tariff Board at Ottawa Is Told British American Co. Cleared Only 1.02 Cents a Gallon

Canadian Press

Ottawa, Nov. 20.—The British American Oil Company made a net profit of 1.02 cents a gallon on all the gasoline it sold in 1934, M. J. Patton, counsel for the company, told the Tariff Board to-day. Mr. Patton submitted this was a moderate and reasonable profit as the board's hearing into an application for removal of the tariff on gasoline continued.

Gasoline prices in Canada and the United States could not fairly be compared at present because the petroleum industry in the United States was disorganized, he held. This was due to fitting the price of crude oil at a high level which enabled companies with cheap supplies of crude to sell refined gasoline at a loss and drive companies depending on purchase of crude oil into losses.

Practically all oil companies in the United States had suffered losses in the last few years. The British American Oil Company had a profit each year, but might not have had it without the tariff, he said.

EMPIRE TRADE TALKS IN 1936

(Continued from Page 1)

DOUBT PREFERENCE VALUE

Recalling the revival of British exports after 1931, the statement declared that it is doubtful, however, whether much of this improvement can be attributed to preferential tariffs. The abandonment of the gold standard, it continues, followed by the use of sterling as the standard of value for the majority of empire countries and by many countries outside the empire, resulted in a very considerable development of trade between countries whose currencies were situated to sterling.

"The fact that trade between the United Kingdom and non-empire members of the sterling group increased even more than trade between the United Kingdom and the empire suggests that a common currency has been more effective as a stimulus to mutual trade than political connections or preferential tariffs," the statement finds.

Existing tariff preferences, it adds, have probably by now achieved their full results, and no further expansion in the tariff position is anticipated.

6. The new organization is not against Nanking, but is autonomous and must not be anti-Japanese.

7. The number of provinces in the new autonomous federation may be either three or five, or even two.

Nanking, Nov. 20 (Associated Press).

Japanese Ambassador Akira Arisawa of Japan told the Associated Press to-day that "Generalissimo Chiang Kai-shek (Chinese national leader) has given me his solemn assurance that Japan has no cause for apprehension regarding northern China."

The Japanese diplomat made his statement after a 2 1/2-hour interview with the Chinese leader.

Arisawa said Chiang had told him there would be no untoward events in the north (apparently referring to Japanese militarists' fear that Nanking troops would try to check the north China autonomy programme).

LONDON, Nov. 20.—Great Britain is holding her hand in north China. "Vague but grave" is to-day's description in British official circles of the news from Japan and China.

While there are difficulties in the separatist path, it is taken for granted that before long all five provinces of northern China will be established as a state nominally independent but really controlled from Tokyo.

"If this move is successful," comments The Manchester Guardian, "Japan will have taken a long stride towards hegemony in the Far East and the establishment of a great continental empire on the mainland of Asia."

FATE OF ARMY

"It is unlikely China can resist," The Guardian continues. "If Generalissimo Chiang Kai-shek marches to suppress the autonomous movement, he will only force the Japanese invasion. This would effectively dis-

pose of the 'autonomy' plan, but it might also dispose of the Chinese army."

The Guardian adds it is even more unlikely there will be any opposition from Britain, the United States or the League. They sold the pass in 1931 and are at present too busy holding another pass to bother about China," concludes the editorial.

V. S. WATCHING

Washington, Nov. 20.—Administration officials were authoritatively described to-day as becoming more concerned over Japan's reported intention to seize control over north China.

Jellicoe of Jutland Fame Dies

(Continued from Page 1)

the following morning, the results were indecisive. The High Seas Fleet, though inferior in strength, had inflicted on the Grand Fleet more losses than it had received, and the British casualties were double the number of German. The High Seas Fleet had succeeded in extricating itself from a position that seemed, ever to the Germans themselves, hopeless at one time, and they made a safe refuge.

FREE-ARRANGED PLAN

There was a good deal of criticism of Admiral Jellicoe afterwards. He was asserted to have missed his only opportunity for a decisive blow at the German navy. Naval experts declared the British fleet had not sufficiently taken advantage of a unique chance. But Jellicoe acted on a pre-arranged plan approved by the Admiralty. His extreme caution, it was argued, was justified because Britain's naval strength was practically all concentrated in the Grand Fleet, and the German fleet did not venture out again until it surrendered and was taken in escort to Scapa Flow.

WAS GOVERNOR-GENERAL

After the war Jellicoe played an outstanding part in Empire affairs. He spent a successful term as Governor-General of New Zealand, 1920-24, earning the sincere affection of the citizens of the southern Dominion. Then he succeeded the late Earl Haig as president of the British Empire Service League, the organization of ex-servicemen built up after the war.

Jellicoe was never a talker. His method was action, backed by a well-considered plan. Although he was called "Hellfire Jack" among his men in the earlier days, he could not be forced into any undertaking not recommended by sterling good sense.

In stature he was short, sturdy and muscular. He had a pronounced aquiline nose, kindly, shrewd eyes. His thin, compressed lips were frequently turned up at the corners in a smile.

JOINED NAVY IN 1872

Admiral Jellicoe already had a fine naval record to his credit when the Great War broke out. The son of Captain John Henry Jellicoe of Northfield, Isle of Wight, after command of the Royal Mail Steam Packet Company, and Adm. Jellicoe, John Rushworth Jellicoe, born December 5, 1859. He was educated at Rottingdean, and entered the British Navy in 1872. Before he was twenty-three years of age he saw war service in the Boer War in 1897. When he was promoted lieutenant in 1900, he took no fewer than three first-class certificates, and as a lieutenant laid the foundations for the special knowledge of gunnery which proved so useful to him at a later stage.

In 1893 Jellicoe was promoted commander. He became captain in 1897, and as chief-of-staff on the flagship of Sir E. H. Seymour on the China expedition took part in the expedition to relieve the Boer uprising of 1900. He went to the Admiralty, and for two years was naval assistant to the commander-in-chief of the fleet.

He returned to the Admiralty as Third Sea Lord in 1908. In 1910 he received the appointment of vice-admiral (acting), commanding the Atlantic Fleet, and in 1911 was commander of the second division of the Home Fleet. In December, 1912, he returned to the Admiralty as Second Sea Lord for two years. On the outbreak of the Great War he was promoted Commander-in-Chief of the Grand Fleet. Jellicoe during his various terms in the Admiralty thus had a good deal to do with the preparation of the British Navy for the test of the war.

SWEET CLEAR

As commander of the Grand Fleet Jellicoe proved his ability to assure the British nation of the safety of its supplies from overseas from the outbreak. The seas were swept clear of German commerce raiders during the first year or so. He effectively prevented any invasion of the British Isles.

A few months after the Battle of Jutland Earl Jellicoe was succeeded as Commander-in-Chief by Sir David Beatty, who had played such a brilliant part in the battle of Jutland—perhaps, his critics say, too brilliant as he sacrificed three battle cruisers by his precipitate joining action with the enemy's main battle fleet. There had been a growing clamor for actual sea dogs with war experience in the supreme council of the navy, the Board of Admiralty, and the name of Jellicoe was on a million tongues. Late in November, 1915, his appointment as First Sea Lord was announced in the House of Commons. The news was received without a smile by Jellicoe. He was transferred to hazards of a far different nature than those he had faced while he trod the quarterdeck, sea-

SCARLET FEVER IN WASHINGTON

Seattle, Nov. 20.—Dr. E. R. Coffey, state director of health, warned parents to-day that scarlet fever is on the increase. Cases reported in Washington during the first two weeks of November totaled 124, compared with 109 in September, fifty-five in August.

Jerusalem, Nov. 20.—One British policeman was killed and one wounded to-day in an encounter with Arab brigands near Jenin. Six Arabs were killed.

VETERAN TEST PILOT DIES

Leslie Tower, of Boeing's, Seattle, Second Victim of Ohio Crash

Dayton, O., Nov. 20.—Leslie Tower, one of the country's best known airplane test pilots, was mourned to-day as the second victim of the crash and burning October 30 of the army's "flying fortress."

Tower, thirty-two, a veteran of army and civilian flying, died in a crash landing of a Boeing B-24 (Miami Valley) flying at 6,075 feet, the plane was on a test flight. The crash occurred in the accident which cost the life of Major Ployer P. Hill, chief of the army's flying section here. Three other men were injured.

Tower, since 1924 chief test pilot for Boeing Company, Seattle, builders of the giant plane, flew it in August from Seattle to Dayton in ten hours, establishing what army officers said was a record for a ship of its size, of about 285 miles an hour.

C. L. Eversitt, president of the Boeing concern, received last night that Tower was recalled from Spain in July to deliver the plane to Dayton, where it was entered in competition for purchase by the army air corps.

BOASTED OF LUCK

Seattle, Nov. 20.—Leslie Tower boasted only last July that he had gone nearly eight years without even a minor mishap, and he was not at the controls in the bomber accident at Dayton, Ohio, October 30, which cost his life yesterday evening.

He recalled his safety record to interviewers when he was summoned home from Europe last summer to test the new Boeing bomber.

The galling, grin-winked test pilot was a former Montana cow-puncher who came to Seattle, graduated from the University of Washington in engineering, served at three army air fields and became a draftsman, engineer and test pilot for the Boeing factory here.

FELL INTO LAKE

He fell into a lake near here in January, 1927, his first year with Boeing, was his latest until the bomber plunged while undergoing tests for war department approval at the end of last month.

He flew the bomber from Seattle to Dayton and was helping demonstrate it to an army board when it fell. He was burned on the face, right arm and both legs.

FLUSH KIDNEYS OF POISONS AND STOP GETTING UP NIGHTS

Thousands of men and women wonder why backache bothers them—why they have to visit the bathroom often at night—why flow is scanty and sometimes stings and burns.

Any one of these symptoms means that your kidneys and bladder need attention now before these minor symptoms develop into serious trouble.

To flush out waste poisons and acid from kidneys, soothe your irritated bladder and put healthy activity into them, get a 40-cent package of GOLD MEDAL Haaplen Oil Capsules and take as directed. This medicine, tried and true medicine always works—you'll feel better in a few days, as the supremely effective diuretic and kidney-stimulant drive excess uric acid from the body which in effect relieves the stagnation of joint agony, neuralgia, and neuritis. But be sure and get GOLD MEDAL Haaplen Oil Capsules—the original and genuine—right from Haaplen in Holland. All good things are initiated.

October Exports to Empire in October Greatest Since December, 1928

Ottawa, Nov. 20.—The Dominion Bureau of Statistics yesterday reported Canada's domestic exports to British Empire in October reached the highest value of any month since December, 1928, while the United Kingdom took more than half the nation's total exports.

Of the total domestic exports worth \$84,822,580, British Commonwealth countries took \$50,238,624 worth, while \$34,583,956 worth went to foreign countries. Exports to the United Kingdom worth \$42,897,617 were the largest total of any single country.

Value of goods sent to foreign countries was a gain of \$6,542,054 over the October, 1934, figure, \$40,171,902. The United Kingdom figure represented a gain of \$10,222,657 over October a year ago, an increase of 31 per cent.

SALES TO UNITED STATES

Exports to the United States were valued at \$26,639,463 compared with \$19,168,006, an increase of \$7,471,457 or 39 per cent.

Exports to Australia rose sharply from \$1,325,495 in October, 1934, to \$2,475,796, a gain of 86 per cent.

Next largest exports by countries with 1934 figures in brackets: British South Africa \$1,361,744 (\$1,269,347); Belgium \$1,199,299 (\$2,145,053); Netherlands \$1,051,666 (\$860,310); Newfoundland \$763,096 (\$1,325,495); British West Indies \$669,510 (\$749,048); France \$598,047 (\$739,164) and New Zealand \$575,551 (\$620,060).

YOUNGEST M.P. IS TWENTY-TWO

Malcolm MacMillan Will Be "Baby" of New British House

London, Nov. 20.—The youngest member in the new British House of Commons will be Malcolm MacMillan, twenty-two-year-old student at Edinburgh University, who gained Inverness western seats for Labor. He defeated the former member, T. B. Ramsay, Liberal National, and Sir Alexander MacEwan, Scottish Nationalist.

LIBERAL ELECTED IN SASKATCHEWAN

Saskatoon, Nov. 20.—In its first appeal to the electorate since assuming power in July, 1934, the Saskatchewan Liberal administration emerged yesterday with flying colors, retaining the Humboldt seat in the Liberal column by a larger margin than last year, despite a much smaller vote yesterday.

With but five small polls out of 63 to report, Dr. J. C. King, Liberal, had polled 4,370 votes while his lone opponent, Joseph Burton, Co-operative Commonwealth party, had obtained 1,567 votes. Mr. Burton loses his deposit.

The Humboldt by-election was necessitated by the death early this year of James Hogan, who defeated Mr. Burton June 19, 1934, by 2,634, more than 8,000 persons casting ballot that day.

CHEAPER WHISKY FOR OREGONIANS

Ottawa, Nov. 20.—Loan of \$1,000,000 to the government of Alberta is being arranged by the federal treasury on exactly the same basis on which we have been assisting the other provinces with respect to relief, Finance Minister Dunning said.

ALL ON SAME TERMS

Saskatoon, Nov. 20.—The Oregon Liquor Control Commission says the tariff cut under the Canadian-United States trade agreement will reduce the Oregon price of Canadian liquor by \$7.50 a case.

The agreement will be effective January 1. The Oregon commission said Canadian stock on hand would be disposed of by the first of the year and no loss was expected because of the reduction.

Ethiopia Orders Four Airplanes

Canadian Press from Havas. London, Nov. 20.—Four airplanes will be built at Gravesend, Kent, for Emperor Haile Selassie of Ethiopia. It was announced here yesterday. Intended for the transport of his general staff, they will be of the same design as the plane in which Miss Jean Batten flew the south Atlantic last week.

Wheat Board To Continue Work

Rumors of Change in Membership Are Heard in Ottawa

Ottawa, Nov. 20.—Indications today were the Canadian Wheat Board set up last August will be continued although there were recurrent reports a change might be made in the management. The question, however, was one on which there has been no finality of decision in official quarters. It was intimated.

No resignations have been asked or received so far from the present personnel, John I. McFarlane, chairman; D. L. Smith, vice-chairman, and H. C. Grant, all of Winnipeg, it was learned definitely. Rumors were Mr. McFarlane would be asked to continue and in this, eventually would remain for a time to conclude his marketing policy.

Coupled with these reports the names of E. B. Ramsay of the board of grain commissioners; Gordon Brown of Regina; John Vallance, former Liberal M.P. for South Battleford, Sask.; and J. R. Murray of Winnipeg, vice-president and general manager of the Alberta Pacific Grain Company, were being mentioned as possible appointees in the event of a partial reorganization of the board.

Mr. Murray conferred with western ministers yesterday. While no official statement was made following the interviews, it was understood the personnel of the board was one of the subjects discussed.

Mr. Murray went to Montreal.

B.C. SHARES IN FAIR PRIZES

Toronto, Nov. 20.—Alberta junior farmers captured three first prizes in the Canadian boys' and girls' farm clubs judging contests conducted yesterday at the Royal Winter Fair here. British Columbia got two seconds. The contests were held for six divisions of projects—dairy cattle, beef cattle, swine, poultry, seed grain and seed potatoes.

Thirty-two teams of two members each, sixty-one boys and three girls, competed. They represented the best judges of farm produce among 1,900 farm clubs, with a total membership of 30,282 throughout the Dominion.

Results include:

Dairy cattle—1, Quebec, South Hill Dairy Club, James C. Simmons and R. Roy Simmons, 1,045 points; 2, British Columbia, Chilliwack Dairy Club, Leonard Zink and Leslie Coulter, 944 points; 3, Ontario, Durham County Cal. Club, 938.

Poultry—1, New Brunswick, Stanley Poultry Club, 848 points; 2, British Columbia, Armstrong Poultry Club, Donald Young and Frank P. Hawkins, 844; 3, Nova Scotia, Sigsbee Poultry Club, 710.

BASIL CAMERON TO BE U.S. CITIZEN

Seattle, Nov. 20.—Basil Cameron, who came here from Vancouver, B.C., to direct the Seattle Symphony Orchestra, filed a declaration yesterday to become a citizen of the United States.

The declaration, filed with the federal court naturalization clerk, set forth that he was born in Reading, England, August 18, 1884. He has resided here since 1932.

FRANK F. FRYE OF SEATTLE DIES

Seattle, Nov. 20.—Frank F. Frye, seventy-two, pioneer Seattle packing company executive, died yesterday evening in a hospital after a prolonged illness.

He was born and educated in Davenport, Iowa. He came to Seattle in 1888 to join his brother, C. H. Frye, who organized the packing firm of Frye and Company.

The widow and a daughter, Mrs. Marion Dittmar, Cleveland, Ohio, survive him.

PREMIER HEPBURN RESTING IN CUBA

Toronto, Nov. 20.—A message from Premier Hepburn, holidaying in Cuba for his health, was received yesterday by Ontario cabinet. The communication said Mr. Hepburn was feeling "much better," but did not indicate when he would return.

Before he left, the Premier announced he would retire from political life after the 1936 session of the Legislature.

CELEBRATES HIS BIRTHDAY

ARCHDUKE OTTO

Brussels, Nov. 20.—(Associated Press).—Archduke Otto of Hapsburg became twenty-three years old today, with the question of whether he would wear an emperor's crown caught deeper in the tangle of Austrian politics.

Rumors of a restoration of the Hapsburgs persisted about Steenokkerzeel Castle, seat of the pretender's exile. Against the campaign of Austrian legitimists, however, appeared opposition.

Reports that Prince Ernst von Starhemberg, Austrian Vice-Chancellor and virtual dictator, may aspire to the role of Regent, informed sources said, have not been well received by Otto and his followers.

It was taken for granted, however, that today's observance of Otto's birthday was a far more open bid for the throne than previous ones at which Hapsburg adherents raised their glasses in a pledge of allegiance.

DAIRY EXPORTS TO INCREASE

Expected Canada Will Ship Cream Into Border Areas of United States

Olympia, Wash., Nov. 20.—The effects of the new Canadian-United States trade treaty will be far reaching in the dairy industry all along the Canadian border, according to Dr. Robert Prior, supervisor of dairy and livestock.

"The new tariff rates will hit hard the dairymen in the border states," Dr. Prior said. "The fact the cream is limited as to gallons will prevent any far reaching effect in other sections, however."

"If there were no limits in that respect, the merchants could import cream and make butter profitably. As it is, the treaty will not affect the manufacturing of cream products to any great extent."

"The treaty will lower our cheese markets, on which the margins already have been very narrow, and our poultry markets also will be greatly influenced."

Dr. Prior said the cattlemen would not notice a great change as most of the importations have been pure-bred cattle, which have been duty free.

Salt Spring

The annual meeting of Salt Spring Island branch of the Women's Auxiliary to the Church of England in Canada was held last Friday afternoon at the home of Mrs. F. Faux, Ganges Harbor. Mrs. H. Moorhouse, president, Mrs. C. H. Popham, treasurer, and Mrs. A. J. Eaton, secretary, were present.

The speaker pointed out the reciprocal trade relations between Canada and the United States in recent years. "We breeders of the United States should work with the Canadian breeders to the end to permit larger importations of Canadian cattle into the United States," said Sibley.

"At the same time, we must stand against any lowering of tariffs that would permit an influx of cheap cattle from South American countries where living standards are far below those in the United States and Canada."

HOOVER SCORES TRADE TREATY

Chicago, Nov. 20.—Former President Herbert Hoover issued a statement yesterday lambasting the new reciprocal trade treaty with Canada, declaring it "brings hardship to hundreds of thousands of dairy and other farmers."

Mr. Hoover made his attack in a statement given out during an interview. He was stopping in Chicago overnight while en route from New York to his home in Palo Alto, California.

The former President paraphrased President Roosevelt in saying of the treaty: "I presume it is more of the more abundant life—for Canadians."

Colwood

The monthly meeting of the Women's Institute will be held in the institute room on Wednesday, November 20, at 2:30 o'clock.

Mrs. S. Robinson presided at the monthly meeting of St. John's W.A., held in Colwood Hall last Wednesday afternoon. Arrangements for the Christmas sale of fancy work, cookies and candy, to be held Wednesday, November 27, were completed. Corporate communion will be held in the church Saturday, November 30, at 9:30 a.m. for W.A. members.

A card party was announced to be held in the hall on Monday, December 9. At the conclusion of the meeting tea was served by Miss James and Mrs. Brown.

Quake-proof Schools Planned

Los Angeles, Nov. 20.—Approved overwhelmingly by Los Angeles voters, plans were speeded today for a \$22,532,000 building programme to make the city schools safe from earthquakes.

A \$12,282,000 bond issue carried by a majority of nearly three to one yesterday. The fund will be supplemented by grants of \$10,139,400 from the federal public works administration.

NOTED CRICKETER DIES IN ENGLAND

London, Nov. 20.—Hon. Frederick Somerset, Gough-Calthorpe, eldest son of Baron Calthorpe, and a noted cricketer, died yesterday at the age of forty-three.

In his long cricketing career he had played for Cambridge University and Sussex, and was captain of Warwickshire. In 1926 and 1930 he led the M.C.C. teams to the West Indies.

HOLD MARKET FOR B.C. FRUIT

New Canadian Treaty Provides For Fixing Value For Duty on U.S. Shipments

Vernon, B.C., Nov. 20.—Fears of Okanagan Valley fruit growers that duties on United States fruit entering Canada might be withdrawn under the new trade pact were allayed by a telegram received from Capt. L. F. Burrows, secretary of the Canadian Horticultural Council at Ottawa.

"Agreement effective January 1, eliminates the minimum seasonal tariff and provides a duty of 15 per cent, ad valorem, on fruits, vegetables, except onions, 30 per cent; grapes 1½¢ a pound and tomatoes 2¢," said the telegram, received yesterday.

"It also provides for fixing the value for duty on practically all the fruits and vegetables on the present system, but the advance shall not be more than 80 per cent of the present advance."

E. J. Chambers, president of the Associated Growers of British Columbia, declared that apparently British Columbia will not be seriously affected if the power to establish fair market values for imported fruit competing with B.C. fruit has been retained by the government.

"Under the new treaty this benefit has apparently been retained on most British Columbia fruit and vegetables to 80 per cent," he said. "If this is correct and is applied when required, I believe it will be satisfactory to the fruit and vegetable growers, as they will obtain some benefits through reduction in tariff on machinery and other commodities."

"Should Parliament at its next session withdraw the privileges establishing fair market values along the lines suggested, the only word that would adequately express the effect on the fruit industry would be 'disaster.'"

Livestock Man Aids Trade Pact

H. Sibley Urges Breeders in U.S. to Support Treaty With Canada

Los Angeles, Nov. 20.—Urging support of the reciprocal trade relations with Canada, Harper Sibley, president of the United States Chamber of Commerce, addressed a gathering of the nation's largest livestock men yesterday evening.

Sibley, owner of a wheat farm in Alberta, is one of the largest producers of cattle and hogs in the United States.

The speaker pointed out the reciprocal trade relations between Canada and the United States in recent years. "We breeders of the United States should work with the Canadian breeders to the end to permit larger importations of Canadian cattle into the United States," said Sibley.

"At the same time, we must stand against any lowering of tariffs that would permit an influx of cheap cattle from South American countries where living standards are far below those in the United States and Canada."

MUCH NICKEL SENT TO ITALY

Ottawa, Nov. 20.—The Dominion Bureau of Statistics disclosed yesterday that Italy, apparently racing to get under the League of Nations sanctions wire, imported from Canada almost twice as much fine nickel in October as it did during all last year, increasing its total imports from Canada 119 per cent compared with October, 1934.

Canada's October fine nickel exports to Italy totaled 12,779 hundredweight, worth \$588,713, representing a price 7.25 times greater than that paid by the Mediterranean kingdom for all other Canadian products that month. The entire 1934 Canadian fine nickel export to Italy was 6,998 hundredweight.

TWO FLIERS KILLED

Rome, Nov. 20.—(Canadian Press from Havas).—A large Italian navy seaplane plunged into Pandolfi Bay and its two occupants, Pilot-Sergeant Luigi Corti and Sergeant Giovanni Losagio, were killed. It was announced yesterday. The cause of the accident is not known.

Cardinal Villeneuve Is Honored By Pope

Canadian Press Cable via Reuters. Vatican City, Nov. 20.—Cardinal Villeneuve, Archbishop of Quebec, was named yesterday by the Pope a foreign member of the Academy of St. Thomas Aquinas before leaving for Paris after a fortnight's visit here.

Many prelates were at the railway station to say farewell to the Canadian cardinal.

In Paris Cardinal Villeneuve will attend the 50th anniversary of the foundation of the "Church of the Sacred Heart" in Montmartre.

Duncan, Nov. 19.—The W.A. of St. John's Church held their annual sale of work in St. John's Hall last Friday afternoon.

The work stall was in charge of Mrs. S. R. Kirkham, Mrs. George Jarvis and Mrs. W. H. Purver; spinning Jenny, Mrs. W. E. Corfield and Mrs. G. Jobling; bargain counter, Mrs. W. Whidden and Mrs. W. Prevost; cooked food, Mrs. F. G. Christmas, Mrs. J. Saunders and Mrs. Macdonald. Tea arrangements were in the hands of Mrs. Langlois, assisted by Mrs. Macgregor, Mrs. Compila and Mrs. Lorna Evans.

Mrs. J. Fischer, president of the W.A., had general supervision.

IN OLD QUEBEC

FOR THIRTY-EIGHT YEARS PROVINCIAL elections in Quebec have been almost purely routine formalities in relation to their outcome. In nineteen contests in that time the Liberal Party has been returned to power, the administrations of Hon. Lomer Gouin and Hon. L. A. Taschereau alone covering the last thirty years. On Monday the electors of the old province will decide whether they will continue on the highway on which they began their march in 1897, or will break a new trail. This will be Premier Taschereau's fourth appeal for popular endorsement in the ninety constituencies of his province, and, like all other government leaders who have challenged political fate during the depression, he has had the hardest fight of his career.

The campaign which will end on Monday has been complicated by the irruption of a new element known as the Action Libérale Nationale, which has formed an alliance with the Conservatives. This group, strangely enough to outsiders, is led by Paul Gouin, son of Sir Lomer Gouin, former Liberal Premier of Quebec and Minister of Justice in the first federal administration of Mr. Mackenzie King. His grandfather was Honore Mercier, a Liberal first minister of Quebec whose name has been something to conjure with among the French-Canadian electorate.

The followers of Paul Gouin comprise mainly young men of Liberal leanings, who, with their leader, seek to justify their alliance with the Conservatives on the ground that the Taschereau government, notwithstanding its party designation, is, in practice, anti-Liberal, in fact, reactionary, that it is too closely allied to the powerful financial and industrial interests centred in Montreal. They declare, in effect, that the Quebec Conservatives, headed by Maurice Duplessis, are more liberal than the Quebec Liberals led by Mr. Taschereau.

The Premier has been vigorously attacking what he has described as an "unnatural marriage" between the two groups, invoking the shades of Sir Lomer Gouin and Honore Mercier in his denunciation. He charges that there has been a deal between the Action Libérale Nationale and the Conservatives by which a proportion of the new ministry would be appointed by Gouin's group if the Taschereau government should be defeated. Since the alliance does not propose a union government the Duplessis administration would consider itself Tory, and the implication of the Premier's charges is that the Liberals in the Action Libérale Nationale have repudiated their Liberalism in favor of Toryism, and are to be regarded by the electors as potentially out-and-out Tories.

All of the leaders are making more or less sweeping promises. Mr. Taschereau undertakes to deal with unemployment as a matter which should be the concern of the federal and provincial governments but not of the municipalities. He proposes to provide work for the workless, to proceed with old age pensions, to provide loans to farmers at 3 per cent interest, and to give other concessions to the agrarian population. He defends his membership of various financial directorates with the contention that it is to the advantage of the province to have a government leader familiar with the problems of industry and finance. The opposition charges that the government is dominated by a group of "political gangsters" in Montreal, in the sense that it is bound hand-and-foot to the big interests, and says it will do away with that domination if it is elected. It promises to establish trade commissions, assist the dairy industry, restore the resources of the province to the people for whom good wages and working conditions would be provided. Aside from the recriminations between the leaders the pre-election pledges of both sides have a familiar ring.

Quebec has had a generally good provincial administration for many years. Its record in this respect has been frequently referred to in enviable terms in some of the other provinces. Until the depression, at any rate, its affairs have been administered with economy and efficiency, its sound financial condition being reflected in the high standing of its credit. In ordinary circumstances, it would be expected that the Taschereau government would be re-elected, for when the House was dissolved the Liberals had seventy out of the ninety members, the Conservatives eleven, Labor one and there were several vacancies. But the incursion of the group led by Paul Gouin introduces an element of uncertainty into the situation which makes prediction at long range difficult. How far this intervention of vigorous young Quebecers against their former leader will counteract the influence and power of the big battalions which Premier Taschereau always has been able to mobilize behind him remains to be seen.

In the period between confederation and 1897 the governmental record of the old province has been conspicuous, with the exception of terms during which Hon. H. G. Joly, afterwards Lieutenant-Governor of British Columbia, and Hon. Honore Mercier, headed Liberal administrations. The two terms covered five years. Hence, for three decades Quebec had Conservative governments. The change to the Liberal side in 1897 followed the victory of Laurier in the federal election of 1896, and the influence of the great French-Canadian national chieftain undoubtedly determined the political complexion of the provincial government for many years.

FRUIT EXPORTS AND IMPORTS

THE APPLE IS THE CHIEF EXPORT fruit of the Dominion, but there are considerable exports of blueberries and strawberries. Canada also does a considerable export trade in canned and preserved fruits. Imports of fruits into the Dominion cover a wide list of varieties. There is a moderate import of kinds grown in Canada, brought in mainly when the Canadian fruit is out of season. The greater

part of the imports by value, however, consists of citrus fruits, bananas, raisins and other fruits not produced within the Dominion.

The apple crop of Canada is estimated for this year at 4,069,400 barrels as compared with 3,890,600 barrels last year, and 5,473,200 barrels in 1933. Of the total Dominion estimate this year, Nova Scotia provides 1,800,000 barrels, New Brunswick 35,000 barrels, Quebec 150,000 barrels, Ontario 426,000 barrels, and British Columbia 4,975,200 boxes or 1,658,400 barrels. In 1934 the provincial yields were Nova Scotia 1,800,000 barrels, New Brunswick 30,000 barrels, Quebec 121,000 barrels, Ontario 320,610 barrels and British Columbia 4,857,100 boxes, or 1,619,000 barrels. Other fruits for which estimates are available for the current year include pears 312,000 bushels, plums and prunes 198,163 bushels, peaches 714,933 bushels, and apricots 40,767 bushels. In 1934 the yields were pears 344,000 bushels, plums and prunes 187,000 bushels, peaches 407,000 bushels and apricots 75,000 bushels.

Final returns for 1934 show a total production value for the commercial fruit crop of the Dominion of \$15,024,000. To this total apples contributed \$8,788,000. The second largest value contributed by a single fruit was strawberries at \$1,986,000, with peaches third at \$967,000 and grapes fourth at \$949,000. Raspberries stood fifth at \$880,000; followed by pears \$523,000, cherries \$467,000, plums and prunes \$273,000 and apricots \$191,000.

Canada's imports of fruits exceed her exports in value, but, as already intimated, much the greater part of the imports are fruits not grown in the Dominion. In the fiscal year 1934—the fiscal year covering the marketing of a greater part of the previous year's crop than does the calendar period—the exports of Canadian fruits had a total value of \$14,607,000, while total imports were valued at \$16,041,000. Of the imports, however, the value of fruits such as are grown in Canada was only \$3,624,000.

A BLOW FOR THE C.C.F.

IF ANYTHING CAN BE READ INTO THE result of Saskatchewan's first by-election since the Liberal government assumed office in the summer of last year it is that the Co-operative Commonwealth Federation, at least, as far as Saskatchewan is concerned, has passed out of the political picture.

The by-election was a contest in the Humboldt constituency, and as this is written, five small polls out of sixty-three are to be heard from, but the Liberal, Dr. J. C. King, had polled 4,370 votes, as compared with his single opponent, Mr. Joseph Burton, C.C.F. standardbearer, 1,587 votes. Mr. Burton has lost his deposit.

The by-election, by the way, was occasioned by the death early this year of Mr. James Hogan, who was the victor over Mr. Burton at the general elections last year—his majority on that occasion being 2,634 votes. Saskatchewan is traditionally liberal-minded. When the province was established in 1905, Hon. Walter Scott formed the first government. He was followed by Hon. W. M. Martin, Hon. Charles Dunning, and Hon. J. Gardiner. The two latter now are in the federal cabinet. Mr. Dunning has been before, as Minister of Finance; he has taken up his portfolio from which the people of Canada retired him in 1930, an action, we may be sure, they regretted very soon afterwards. Mr. Gardiner is the new Dominion government's Minister of Agriculture.

For a brief span Saskatchewan was under titular Conservative rule, but during the regime of Dr. Anderson, however, there were more Liberals in the Legislature than there were Conservatives; the government hanging on to office with the support of Independents.

THE BOYS' BAND

THE FINE AGGREGATION, "THE KITSILANO BOYS' BAND" are entitled to congratulations on their invitation to play at the Royal Dublin Society's Horse Show next August.

The appearance of this body of young musicians at what is considered one of the social and equestrian events of the British Isles, must be considered not only a good advertisement for the band itself, but also for the province to which it belongs.

Last year, it will be remembered, the Kitsilano Boys' Band toured Britain. Its musicianship obviously made an impression which has resulted in a return engagement.

THE UNPAID NOTES

We found them in his desk, in a bundle tied with string. Unpaid notes of friends and strangers as the years were taking wing. Some were faded and were yellow; some bore names we'd never guessed. But they all gave testimony to the great heart he possessed. Then our eyes this simple message in his own hand, fell upon:

"I forgot these while I lived! You forget them when I've gone!"

Ranged the sums from much to little, gladly given to men in need; Every scribbled bit of paper calling back some gracious deed. There were those, the lawyer whispered, who could pay their debts and should; There were others who'd have done so, but he knew they never could. He was sure some day we'd find them, so he passed this message on:

"I forgot these while I lived; you forget them when I'm gone!"

Now, the more I think about it much the more am I inclined To think only selfish natures die and leave no notes behind. What a horrible conclusion to have clung to all you've made And have never loaned a dollar that was not on time repaid!

"I forgot these," thus he told us—"you forget them when I'm gone!" So we followed his instructions and we burned them every one.

Loose Ends

A bleak November morning— which produces bleak and barren ideas—like the thoughts of that ploughman yonder—and Mr. Strachey's notions—and the new automobiles.

By BRUCE HUTCHISON.

EARLY BIRD

ON THIS EARLY November morning, when the sun is just rising, and the fields are pink in the glow of it, and the seagulls are beating up the valley, white specks against the blue hills, and there isn't a thing in the world to fill this column with, my eye alights on a man ploughing yonder, behind two black horses. To us country folk, it is an arresting sight at this time in the morning while you slumber with deep animal sounds, in the city over the hill.

What I should like to know, as I watch the man trudge up and down the furrow, a cloud of seagulls flitting around him to look for worms, is, what the man is thinking. If you could find out what, even a simple ploughman thinks as he ploughs you would have solved a mystery which so far has baffled all the psychologists.

Did it ever occur to you how little we know about what anybody is thinking? That mystery has never been communicated from one living soul to another and a gap as wide as the universe separates every human brain. That is why it is so hard to create a civilization out of so many millions of conflicting minds, each insulated from all others with an insulation unknown to other animals. If you had a way of knowing what that ploughman was thinking about, you would have the key to government, to economic reform, to a sane civilization.

DISAPPOINTING

IT OCCURS TO ME—what profound thoughts will occur to a man at sunrise on an empty stomach!—that this ploughman's thoughts are probably far different from what you would expect. Your statesmen imagine, when they have concluded a great public act, like a trade treaty, that every household is filled with it, that ploughmen, as they walk back and forth in their furrow, are pondering deeply the problems of commerce and the tariff. Newspapermen, having thundered out something in bold type last night, are doubtless confident that every householder, on rising this morning, will think to himself, "My, but that was startling news in the paper," and will think about it all day until the paper is published again. Preachers hope fondly that the ringing words of their sermon on Sunday evening will still ring on Monday at sunrise.

The public, we say to ourselves, is thinking so-and-so. Public opinion is this or that. The people, we believe, are aroused and desperate over some great cause. The public mind is disturbed about the banks or the tariff or unemployment. But all that is the wildest imagining. We have no idea what the people are thinking at any stage of the game about anything. But it is a safe bet that your ploughman yonder isn't thinking about the trade treaty, as the politicians hope, or about anything in the newspapers, as we newspapermen suppose, or about any sermon, as the preachers trust. The politicians, newspapermen and preachers would be thoroughly disillusioned and bitterly disappointed if they could peer under the skull of that ploughman this morning. Probably they would find that in twenty-four hours his mind doesn't alight on any subject of public importance for more than five minutes.

What it does alight on no one will ever know. But it is a safe guess that it, and all the other ordinary minds, like yours and mine, thinks more about the movie it saw last night than about the new trade treaty; more about the new automobiles than the news in the paper; more about what we are going to have for dinner than about last Sunday's sermon. It is a safe bet that if you could catch what the

ploughman is thinking at this very moment, you would find it quite useless for purposes of government or civilization.

Probably, being a young man, his thoughts are of some woman, or something equally futile. If you will try to record even for half an hour what you think to-day you will find that your thoughts are about on the same level, and that they never stay on any subject of importance more than a second or two at a time. Yet it is of such stuff as you and me and that ploughman yonder that we have to make a civilization. It is too depressing a thought to be pursued on an empty stomach at this time of the morning.

WILD MAN

I PICK UP an intellectual periodical and, thumbing through its pages, come across an article by the eminent English thinker, John Strachey. Mr. Strachey's thoughts, Mr. Strachey says that Germany has been spending \$4,600,000,000 a year on armaments, or \$500,000,000 more than the entire British budget. This explains why there has been a semblance of prosperity in Germany brought at the expense of impoverishing and half starving most of the nation.

Now the armament boom is dying, as it must die unless it can be continually maintained by draining the economy of the nation. The same thing, says Mr. Strachey, is happening in Japan and Italy. At this stage in the development of the system, he says, a Fascist country must go to war to divert public attention from starvation. Italy went first, Japan is going into China.

What Mr. Strachey fears is that England, whose wave of prosperity is about petering out, is going to launch into a vast armament programme which cannot fail to lead to ultimate disaster of the same sort. The play in Europe now, he contends, is to unite Britain and Germany and France with Japan to crush Communism in Russia, which may explain why Japan is being left alone to conquer China while the western nations all rally to the defence of dear old Rhinopia.

All this is only Mr. Strachey talking, and he is a very dangerous man. Just watch the development of events in the next five years and see how dangerous and foolish he is.

BEAUTY

A SHINY NEW AUTOMOBILE goes by on the highway. That is more interesting than trade treaties, trade unions or Mr. Strachey. Did you ever pause to think how interesting new automobiles are to the modern man? I dare say it could be proved, if you could get the facts, that modern man devotes more thought to new automobiles than he does to science, politics and religion combined. The automobile has ceased to be a machine. It has become a kind of an idol to be worshipped, a mechanical god.

You no longer buy mere transportation when you buy a new car. You buy an idea, an emotion, a poem. A car is not bought on its merits as a means of transportation any more. It is bought as a work of art. Where older civilizations lavished their wealth on jewels, statues, villas, beautiful women, we lavish ours on automobiles. It is the highest artistic expression of the day. The car is the modern man's counterpart of his ancestor's fine charger, hawk, hound or beautiful mistress.

On the whole, it is cheaper and more beautiful, for no charger, hawk, hound or lady ever had the lines, the glitter, the verve of a 1935 model. Beside it, all the works of man, and most of the works of nature, are ugly and dull. Or so the modern mind, schooled to understand the beauty of cars if not the beauty of nature and art, imagines. Indeed, if this form of civilization goes on, one has no doubt that all forms, shapes, colors, and lines will be judged by the standard of the automobile.

This shows you what habits can do, for essentially the automobile is as ugly thing, with lines opposed to art, yet, by accustoming ourselves to it, we have come to consider it lovely. To-day women model their faces and figures after Grete Garbo, who has ruled as the standard of beauty for some ten years. To-morrow they will probably model their faces and figures

JANUARY INDOOR MEET SUGGESTED

Owing to cessation of athletic activity during the examination period, Varsity's plans for an indoor track invasion of Victoria during the Christmas holidays has been postponed until early in January. It was announced by Archie McKinnon of the Y.M.C.A. to-day.

The U.B.C. tracksters requested a meet at the end of this month here, but the condition of the local runners, who have enjoyed a short lay-off following the outdoor season, was not sufficiently good to give them the competition they deserve.

Ray Steele Throws Kingfish Levinsky

St. Louis, Nov. 20.—In thirty-five whirlwind seconds, Ray Steele, Glendale, Calif., wrestler, pinned King Levinsky, Chicago fighter, in their mixed match featuring a combined boxing and wrestling show yesterday evening.

Levinsky swung only one solid blow before he was clamped to the mat with a body lock, but it was a right-handed haymaker to Steele's chin.

It was the blow with which the King said he would knock Steele from the ring, but all it did was momentarily stun the wrestler.

Chief Forester Represents B.C.

P. Z. Caverhill to Attend Forestry Research Meeting in Ottawa

P. Z. Caverhill, chief forester of British Columbia, will represent the province at a forestry research conference called in Ottawa by Hon. W. D. Euler, Minister of Trade and Commerce, under the auspices of the National Research Council. It was learned at the Legislative Buildings.

Mr. Caverhill is now on his way back to British Columbia after attending the British Empire Forestry Conference in South Africa. He will be in Ottawa on November 26, when the research gathering opens.

The object of the Ottawa meeting is to review research problems of the forest industries and it is proposed to secure views with respect to the constitution and personnel of a committee on forestry to be set up by the National Research Council to act as a clearing house for consideration and allocation of research work.

With the British Columbia forest service already laying plans to extend its own research work when it is feasible, this province will work in closest harmony with the federal group, it was indicated.

HALIBUT MEN ARE ELATED

Trade Agreement Big Thing For Coast, Says Prince Rupert Broker

"It means \$60,000 a year to the halibut industry of the British Columbia coast," said G. W. Nickerson, Prince Rupert broker, when asked at the Empress Hotel yesterday how the fishing industry would benefit from the new trade agreement between Canada and the United States.

"It will place the halibut boats operating out of Prince Rupert in as good a position as those out of Seattle," he said. "It will increase the price of halibut by half a cent a pound. Prince Rupert is quite elated about it."

The halibut price was formerly 2 cents a pound and is now 1 cent. Under the new agreement it is expected to rise to 1½ cents.

Mr. Nickerson came to Victoria from the north to meet Mrs. Nickerson, who reached here this morning by the liner Empress of Japan from Honolulu.

In the opinion of many anglers the run of salmon going up Goldstream to spawn is the largest in thirty years. The run consists mainly of dog salmon and quite a large percentage of cohoes. Over the week-end many persons traveled out to watch the fish thrashing their way up-stream.

Drive out THAT COLD AT ONCE

take GROVE'S BROMO QUININE

A cold is not something to treat with carelessness or indifference. It should be treated for what it really is—an internal infection requiring immediate and effective internal treatment. Grove's Bromo Quinine is positive and direct to action by attacking the cold at its source. It treats a cold from the inside by doing four definite and necessary things—

1. It opens the bowels gently but effectively.

2. It combats the cold germs and fever in the system.

3. It relieves the headache and "grippy" feeling.

4. It tones up the system and helps fortify against further attacks.

This is the kind of treatment a cold requires to drive it right out of the system quickly and effectively.

Your druggist has Grove's. Keep a box handy at all times and at the first sign of a chill or sneeze take them as prescribed. Be sure to ask for Grove's Bromo Quinine, however, when you purchase.

NEW LAKE HILL MISSION HALL

The new Lake Hill Mission Hall, which is being constructed by voluntary subscription, is shown in the above picture. The labor on the building was donated by residents in the district. A small sum is still required in order to complete the construction of the hall. Anyone wishing to donate funds for the completion of this worthy cause is asked to communicate with C. H. Hadfield, superintendent of the mission, 2583 Prior Street.

TELLS HISTORY OF MEDICINE

Dr. T. W. A. Gray Traces Struggle From Earliest Times Before Kiwanis Club

"The history of medicine is the history of a long and difficult struggle with the mysteries of life... there will never be any termination of that struggle as long as there is life," Dr. T. W. A. Gray told the Kiwanis Club at its luncheon at the Empress Hotel yesterday.

As medicine conquered each enemy of man, there was another foe behind it still to be faced, and it would always be so, he said.

Briefly Dr. Gray traced the history of medicine from the earliest times to the present day.

At the beginning, men faced the phenomena of the world around them with bewilderment and terror; being unable to explain what they saw, they built up a philosophy that all men and all things must be inhabited with spirits. This theory alone offered them any reason for thunder and lightning, good and evil.

At that time the priests were the leaders of thought, and as such also the medicine men, whose job was to get rid of the evil spirits which caused disease. In Tibet to-day the same beliefs still applied, and terrifying masks and dances were used to expel the evil spirit.

SOUGHT EXPLANATION

The Greeks were the first to use their intelligence, and tried to find explanations for natural phenomena.

Hippocrates, the Greek, the father of medicine, in 400 B.C. first separated mystery and magic from medicine. He observed the regularity of the courses of diseases, and deduced that they followed natural laws, not heavenly.

Others who came after him discovered the fact that various treatments could alter the course of the diseases, to the benefit of the sufferer.

Galen, in 200 A.D., summarized the knowledge which had accumulated since the time of Hippocrates, and first dissected animals, establishing elementary laws of anatomy.

In the fifth century of the present era, Rome fell to the Goths, and its civilization with it. From that time until the fifteenth century medical science was at a standstill, with the books of Galen faithfully followed by the church, which became the mainstay of medicine.

The fall of Constantinople in 1453 sent refugees, and with them the accumulated knowledge of centuries into western Europe.

DEVELOPMENT OF MEDICINE

Following that, the development of medicine was fairly steady, Dr. Gray showed.

Paracelsus publicly burned the books of Galen, and started out with his own experiments. The human body was dissected, and human anatomy understood. In the sixteenth century, Harvey explained the circulation of the blood.

Later, Jenner, by observations in the farming districts of England, discovered how cowpox could immunize from smallpox, and first practiced vaccination. Hunter discovered the principle of the ligaturing of arteries, on which much of modern surgery was based.

Pasteur, in more modern times, discovered the germ origin of disease, and worked out the system of inoculation. Roentgen, by accident, hit upon the X-ray, and the principles of the radiation of radium were later explained.

CANCER

The greatest problem of the present day, said Dr. Gray, was cancer.

He explained that its origin was in the unconstitutional behavior of a few of the billions of cells in the human body, growing and reproducing, and neglecting their proper functions. It generally started through some chronic irritation.

Cancer killed because in its steady

expansion it involved the vital organs of the body.

Dr. Gray stressed the fact that cancer, if it was discovered early enough, could be eradicated either by surgery or X-rays or radium. He stated that almost all cancer deaths were due to procrastination in getting treatment.

Dr. Gray was thanked by Dr. A. M. Menzies.

Off Next Week For Conference

Premier and Dr. Weir Will Be in East Ahead of Opening Date

Premier Pattullo and Hon. G. M. Weir, Provincial Secretary, will show the way for the British Columbia delegation going to the Dominion-Provincial conference at Ottawa.

The Premier said this morning he will leave toward the end of next week. Dr. Weir announced definitely he will leave a week Friday, November 29.

The Premier plans to visit Montreal and Toronto before going to the conference, which opens December 9. The provincial secretary has to go to Toronto as well to discuss superannuation matters with actuaries. He also has health and educational matters to deal with in the east.

Other ministers and officials in the delegation probably will leave during the first week of December, leaving themselves just enough time to get to Ottawa for the opening of the conference.

The Premier indicated this morning that before leaving he probably would make a statement clarifying further British Columbia's position in relation to the gathering.

Thieves "Clean" Cariboo Couple

The wife of a well-known Cariboo rancher, who was visiting Victoria at the end of the week, admitted that the experience of herself and husband upon arrival in Vancouver a few days before smashed of something like the old-time stories of "Ruben comes to town."

She told how she and her husband, after driving down over the Cariboo highway, parked their car on Howe Street while they went to the Grosvenor Hotel to eat. She said they never had to lock their car in the Cariboo, but they thought they had better do so in the city in order to make sure of its being safe, even though it was being parked in one of the best districts of town.

When they came out from the hotel, however, they learned that four locks do not balk Vancouver motor car thieves. One or more of them had simply smashed one of the windows of the Cariboo car and had taken out and disappeared with a couple of suit cases and a quantity of clothing carried in the back seat.

"We were left with only the clothes we drove down in," she said. "Worse than that, in one of the suit cases were two gold watches we had brought down from the Cariboo to be repaired by a Vancouver jeweler. Yes, we feel like a pair of Rubens come to town to be cleaned out by the modern version of the slick city slickers."

The Saanich council yesterday evening received and filed the conditional approval of Oak Bay council on the drafted Bowker Creek grading plan.

The Saanich council yesterday evening accepted with thanks an offer from the city parks committee of a number of assorted trees to be used for planting in municipal parks.

The Court of Revision of the Saanich voters list will meet at Royal Oak at 10 a.m. on December 16. Reeve Crouch and Councillors H. D. Cotton and A. G. Lambick will sit as members of the court.

MAY VOTE ON ZONING ISSUE

Special Meeting to Consider Restricting Building in Ward Three, Saanich

The first draft of a proposed zoning by-law for Ward Three, was presented for consideration to the Saanich council yesterday evening. The council will hold a special meeting next week to peruse the draft.

The move is a result of consistent recent complaints from Gordon Head residents against the continued construction of Chinese-owned greenhouses in the Shelbourne Street area.

At the last meeting the council appointed a committee of ratepayers and council members to investigate the possibility of zoning. Yesterday evening the committee presented a letter under the signatures of Leslie O. Scott, H. B. McClung and Councillor A. G. Lambick, Ward Three, requesting building restrictions for the ward, and the withholding of any applications for greenhouse permits until the issue has been settled by plebiscite.

Whether or not the question will go before the ratepayers will be decided at the special meeting.

RESTRICTED AREA

The feature of the draft is the restricting of building in the Gordon Head heights area and a portion of the Cadboro Bay district.

In this area it is proposed to permit erection of warehouses, public garages, gas stations, shops, stores, or apartment houses, but factories or any establishments considered by the council detrimental to the adjoining property are excluded.

In the other districts there are few restrictions governing industrial buildings, which are secluded from the Gordon Head district.

In areas where greenhouses at present exist provision is made that these may be enlarged but not to a greater floor area than 30,000 square feet.

TO CLEAN OUT CHINESE HOMES

Saanich Officials Condemn Nine Shacks on Shelbourne Street

A move to clean out unsanitary Chinese homes owned by Oriental farmers in the Shelbourne Street area, was instituted by the Saanich council yesterday evening.

The council received a report from the medical health officer and building inspector condemning nine of thirteen shacks in Wards Three and One. The following committee was appointed to confirm the inspection before tearing down of the premises was ordered: Councillors A. G. Lambick, Ward Three; Fred Borden, Ward One; and E. C. Warren, Ward Two, and Reeve Crouch.

The officials' report told of filthy conditions existing in a majority of the shacks, where lack of sanitary arrangements, ventilation and signs of overcrowding were in evidence.

The council was also shown a number of photographs of the shacks, many members expressing surprise that such conditions existed. Tenants will be given sixty days' notice to vacate.

Public Works expenditures in Saanich wards up to November 2, were itemized as follows. In a report to the municipal council yesterday evening: Ward One, \$6,571; Ward Two, \$6,785; Ward Three, \$6,504; Ward Four, \$6,815; Ward Five, \$7,636; Ward Six, \$7,847; and Ward Seven, \$6,541. Total expenditure, including parks and fire fighting was \$51,130.

We Use Pictures INSTEAD OF WORDS To Show You Why "Aspirin" Works So Fast

WHY "ASPIRIN" WORKS SO FAST IN 2 SECONDS BY STOP WATCH

Drop an "Aspirin" tablet into a glass of water... By the time it hits the bottom of the glass it is disintegrating. What happens in these glasses happens in your stomach—"Aspirin" tablets start "taking hold" of pain a few minutes after taking.

Quick Relief for Headaches, Neuritis, Rheumatic Pains

The old adage says, "what you see you believe." So the scientist, pictured above, shows you two actual photographs to prove the quick action of "ASPIRIN."

Look at them, and you will see one reason why scientists rate "ASPIRIN" among the fastest agents, now known or ever known, for the relief of headache, neuritis, neuralgia and rheumatic pains.

You'll see that an "Aspirin" tablet, dropped into a glass of water, starts to disintegrate, or dissolve, before it hits the bottom of the glass. Hence, is ready to go to work almost instantly you take one. For what happens in that glass

happens in your stomach when you take an "ASPIRIN" tablet. Relief comes in a few minutes.

Countless thousands know that about "ASPIRIN." Know by experience that it brings the quick relief you want when in distress.

Keep this in mind the next time your work or play is handicapped by a bad headache, neuritis or rheumatic pain. Learn for yourself how fast you can get relief.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trademark of the Bayer Company, Limited. Be sure to look for the name Bayer in the form of a cross on every tablet.

Your Baby and Mine

By MYRTLE MEYER ELKED

TINY BABY MUST GET ALL HIS PROTEIN IN THE MILK HE DRINKS

There is still too great a disposition to measure formulas sketchily. "Half water and half milk," seems to be a commonplace combination to which is usually added a "little sweetening." The results, in, inevitably, a feeding problem.

The milk portion of a formula must furnish the baby his protein. It is necessary for a baby to get at least one and one-half ounces of milk for every pound of body weight—and a safer portion is two ounces for each pound.

SUGAR MAY VARY
A ten pound baby needs daily at the very least fifteen ounces of fresh milk, or seven and one-half of evaporated, and the amount should be increased as rapidly as possible to twenty ounces of fresh or ten of evaporated.

The body's sugar needs can be supplied by three tablespoons of most types of sugar for each ten pounds of weight. This number is variable because some children develop diarrhea when given even the average amount of sugar and others need more than the average to overcome constipation.

BABY DOESN'T GAIN
The usual amounts, which can be reduced or increased according to baby's symptoms, are listed in the leaflet, "Sweet Milk Formula," which the mother may find helpful. It may be had for a self-addressed and 3-cent stamped envelope sent to Myrtle Meyer Elked of the "Your Baby and Mine" department of this newspaper.

Mrs. E. writes: "This is my fourth baby and I could not nurse her. She is nearly six and one-half weeks old, weighed nine and three-fourths pounds at birth and now weighs ten pounds. At four weeks she was declared to be 100 per cent healthy. The doctor thought then she would soon gain."

MILK MAY CAUSE RASH
"She is fed at four-hour intervals and has water between meals. She is handled very little and is seldom fed at night between 8 p.m. and 4 a.m."

She takes four ounces of formula which is half milk and half water and a little sweetening. She has thrown up considerably since birth and for the last week has a rash about face and chest.

I hesitate to advise in the case of an unidentified rash. The formula is far too weak to inspire any gain. But you may need to use some other type of milk. Because the rash may be of some other origin, the only safe way would be for you to have the advice of the doctor again.

To-morrow: "Scolding Won't Aid in Training Child in Right Habits."

AGAIN CHAMPION HORSEWOMAN

Beatrice Murray, fifteen-year-old daughter of Mr. and Mrs. Joseph A. Murray of Brooklyn, is shown with Glamorous, her mount, and the "Good Hands" championship trophy which she won for the third time at the U.S. National Horse Show in New York City. Forty-four young riders competed for the title.

BRIDGE MARKS B.C. BIRTHDAY

Sir James and Lady Douglas
Chapter Hostesses at
Spencer's Yesterday

Following out its custom of many years, the Sir James and Lady Douglas Chapter I.O.D.E. yesterday afternoon celebrated the seventy-seventh birthday of British Columbia with a most enjoyable bridge tea at Spencer's dining-room, fifteen tables being in play.

MOTTO RECALLED

Mrs. Colin Cummins, the regent, assisted by Mrs. R. B. McKelvie, honorary regent, welcomed the players and the tea guests. On behalf of the chapter, Mrs. Cummins spoke a few words of greeting and paid a special tribute to the work of Mrs. McKelvie, who has been the chapter's inspiration in upholding the Sir James and Lady Douglas Chapter motto, "To keep one hand on the traditions of the past, and green the memory of our illustrious dead."

The winners of the bridge prizes were as follows: Auction, Mrs. Currie; consolation, Mrs. Crane; contract, Mrs. P. Mellor; consolation, Miss Croft.

Mrs. A. M. Boyd was the general convener of the affair; Mrs. James Shaw, the treasurer, was at the receipt of custom, and Mrs. T. B. McKelvie had charge of the attractive cushion which was on display in aid of the proceeds. The prizes were generously donated by Miss J. Crease, Miss Ilae Terry and Mrs. Matheson.

Mrs. W. J. Pendray Honored By W.M.S.

The Metropolitan W.M.S. met on Monday in the schoolroom, with a large attendance of members and friends. After the opening hymn and prayer, Mrs. E. Akhurst led the devotional Bible reading, followed by prayer by Mrs. A. Lee. The stranger's secretary reported seventy-six calls made during the month on the sick and shut-ins, besides a number of letters written by the corresponding secretary. The offering at this meeting was very gratifying. The guest speaker was Mrs. E. W. Horton, wife of the assistant pastor of First United Church, Mrs. Horton told in a very interesting manner of her work as a nurse in the Burns Lake hospital, with some touching stories of the various patients brought to this hospital for medical treatment and care.

Mrs. W. J. Pendray, who was celebrating her eighty-fourth birthday, was present at the meeting, and in a pleasing little speech presented a life membership certificate to a valued member of the society in the person of Miss Margaret Harte. Although completely taken by surprise, Miss Harte responded very graciously by thanking the donor. The president, Mrs. W. E. Harper, presented Mrs. Pendray with a beautiful bouquet of white and yellow chrysanthemums.

Two delightful solos were sung by Miss Winnifred Elliott, accompanied by Miss Evelyn Harper. At the close of the meeting refreshments were served by members of the C.G.I.T. group.

Beaux-Arts To Mark Birthday

Plays and Dance to Feature
Party on Nov. 26

The Beaux-Arts held a hastily-called executive meeting last evening at the clubrooms where they dealt with the unexpected resignation of Miss Pat McConnan, social convener.

Regret was expressed at this sudden announcement and a letter will be sent to Miss McConnan expressing the club's appreciation of her excellent and untiring efforts on the club executive. In losing Miss McConnan from the governing body a breach will be left that will be not too easily filled, the executive felt, and hoped that when she is in better health she would be able to take her place again.

Two active members and one associate member, Ronald Grant, Dick Airey and Hugh Parquhar, respectively were admitted membership in the club.

Miss Aileen Cullum, who was recently appointed vice-chairman of dramatics, was appointed to succeed Miss Pat McConnan as social chairman. Miss Hope Denbigh was voted vice-chairman of dramatics.

Further plans were laid for the celebration of the fifth birthday party of the organization on November 26, when an interesting programme, including two plays, "Best of the Best" and "The Importance of Being Earnest," followed by refreshments and dancing, has been prepared for the members and their friends.

Plans for the forthcoming Snowball at the Empress Hotel, December 26, are rapidly taking form which will make this the most popular social event of the season.

The pre-Christmas general meeting will be held December 17.

CONCERT ENDS CHURCH SALE

Broadcast Programme Feat-
ured Bazaar By Dr. Clem
Davies's Church Members

A broadcast programme of musical numbers, which proved so popular that many requests for encores were received over the telephone, was the novel conclusion of the very successful bazaar held in the Sons of England Hall yesterday afternoon, and evening by the members of Dr. Clem Davies's congregation.

Items on the concert programme, broadcast by courtesy of CPCT included songs by Miss Elsie Friend, accompanied by Howard Parfitt; songs and recitations by little Miss Rosalie, piano-accompaniment by Reg. Gerrard, Harvey Godel and Reg. Saunders, ukulele and harmonica selections by Tom Lavery and his band, harmonica solos by Sam Lowery, accordion selections by "Billy" Smith, solos by Archie Medd, the "prairie fiddler," and monologues by Capt. Eric Borge. Dr. Clem Davies acted as announcer.

Much business was done at the prettily decorated stalls which were convened as follows: Candy, Mrs. S. Markland, Miss M. Abbott, Mrs. W. Martin; refreshments, Mrs. R. L. Caruthers, Mrs. Webster, Mrs. F. J. Popham, Miss Marjory Gress, Miss I. Culross, Miss A. Williams; homecooking, Mrs. F. G. Johnson, Miss M. Johnson, Mrs. Rene Watson; fancywork, Mrs. M. A. Stephens, Mrs. McIntosh; house-hold, Mrs. L. Berryman, Mrs. Bryden, Mrs. Jowett; raffles, Mrs. M. Kitching and Mrs. Vey. Fortunes were told by Mrs. Glad, Mr. White, Mrs. Youden and Mrs. Foulkes.

The programme of entertainment arranged for the afternoon included some delightful dancing by little tots, as follows: Irish jig, The Pearson Sisters; waltz clog, Robina Prior; "Daisy Mae," Marjory Gray; soft-shoe, "Nola," Thelma Whyte and Kathleen Stromkirk; Salome's Hornpipe, Joan McGrath; tap dance, Joan Pearson; gipsy dance, Hazel Pearson; French doll, Vera Pearson; military tap, Jean McGrath; Russian dance, Thelma Whyte; tap dance, Kathleen Stromkirk; power-puff, Robina Prior; "Swanee River," the Pearson Sisters.

Miss Evelyn Hobbs also contributed piano selections, and Mr. White violin numbers, accompanied by Miss Hobbs.

Miss Ellen Snowden, who has been on the nursing staff of the Shanghai Country Hospital for the last three years, returned to Victoria yesterday on the Empress of Japan, and is staying with her parents, Mr. and Mrs. E. G. Snowden, 2928 Henderson Road.

An enjoyable party was held recently in honor of Miss Ann Moyes, the occasion being her birthday. The evening was spent in cards and dancing. A buffet supper was served at midnight. Accordion selections were rendered by Ernie Fullerton and Seton Rednap. The invited guests were: Misses Alice King, Sylvia Rogers, Bunney Macdonald, Violet Mylrea, Doreen King, Joan Mutton, Dot Holland, Lesley Macdonald, Eva Holland, Muriel Winterbottom, Veronica Hartley, Margaret Mason, Ann Moyes, Jessie Macdonald, Jennie Moyes, Messrs. A delightful "thank you" tea, arranged in honor of the convener of tables and others who assisted with the recent very successful guest tea at the Y.M.C.A. was held at the home of Mrs. W. Mayhew, Beach Drive, yesterday afternoon. Mrs. Donald McAdie, the president of the Y.M.C.A. Auxiliary being the hostess. Mrs. Mayhew assisted Mrs. McAdie in receiving the guests, the reception rooms being arranged with beautiful chrysanthemums. Orange pycnanthus berries and variegated holly formed the seasonable and colorful centrepiece on the tea-table, which was illuminated with orange tapers in silver candelabra. Mrs. J. H. Fletcher, Mrs. S. J. Willis, Mrs. M. Raynor and Mrs. McAdie presided at the urns. Assisting in serving were Mrs. Walter Tuck, Mrs. Edwin Tomlin, Mrs. Duncan MacBride, Mrs. A. V. Clarke, Mrs. L. A. Gane and Mrs. H. MacLachlan of the auxiliary's social committee. During the afternoon Mrs. McAdie gracefully expressed her thanks to Mrs. Mayhew for opening her home, and to all who had contributed in any way to the success of the recent guest tea.

The Union Club held one of its popular dinner evenings yesterday, a number of parties being arranged for the occasion. Mr. Fred Nation entertained Colonel and Mrs. Lennox Irving, Brigadier and Mrs. J. Sutherland Brown, Mr. and Mrs. J. H. D. Benson, Mr. and Mrs. F. E. Winslow, Mr. and Mrs. R. H. Ker, Mrs. A. K. Two-day Bazaar By Victoria W.I.

The Victoria Women's Institute will hold two-day bazaar on Thursday and Friday of this week at its headquarters, 635 Fort Street. The affair will be formally opened at 2:30 o'clock to-morrow afternoon by John Kyle, director of technical education.

In addition to the many attractive stalls of plain and fancy wares, novelties and similar gifts suitable for Christmas, handicrafts will be featured, this institute having devoted much time and attention to this fascinating phase of home industry. The Weavers' Guild will also have a display of their attractive wares.

Afternoon tea will be served and visitors are promised an interesting as well as a profitable time. Mrs. G. Sexton is the general convener.

Baptist Y.P.S. To Visit Citadel

The young people of the Central Baptist Church will conduct the meeting on Thursday evening at 8 o'clock in the Salvation Army Citadel, Broad Street, under the leadership of Mr. Sloan. The young men's band of the Citadel will be in attendance, and the public is invited. There will be no admission charge.

BAD ANCESTORS NO DISGRACE

Canadian Press
Toronto, Nov. 20.—Four hundred members of the central Ontario area of Women's Institutes, attending their thirty-fourth annual convention here, were told that if they discovered their ancestors were hanged for stealing sheep, "it's no disgrace—it's history."

Dr. J. J. Talbot, provincial archivist, was the speaker. He added: "You don't hurt people's feelings any more by digging up disreputable ancestors. Most of us have ancestors who were hanged for horse-theft or sheep-stealing. Honest interpretation is absolutely necessary in historical research, and you must not leave out essential things because you think they don't sound nice."

St. Andrew's W.M.S. Work Reviewed

The monthly meeting of the Women's Missionary Society of St. Andrew's Presbyterian Church was held in the lecture room of the church on Monday afternoon. Mrs. J. R. Moore had charge of the devotional period, assisted by Mrs. M. C. Fuller, Mrs. H. Warren and Miss Mortimer. Mrs. Moore took as her subject, "Looking Backward and Looking Forward" and held the attention of the members as she described the various auxiliaries, as a book with all the different details of the work written on each page. She referred to the foundation of the W.M.S. and the progress made since its inception till now. She commended the "Blue Book" with all its information and interesting matter, and stressed how well the W.M.S. motto "The World for Christ," was being carried out by the various organizations. She also explained how the magazines, five in number, had been changed as the need arose till now Glad Tidings seemed to have reached the summit, and well fulfilled the need of the societies.

Mrs. J. A. Kennedy, president, took charge of the business proceedings, and thanked all members for their help and sympathy during her time of sorrow and bereavement. Reports from the secretary, Mrs. C. W. Hawkins, treasurer, Mrs. J. P. Dempsey and Mrs. R. A. Brown and Mrs. J. A. MacKintosh were received and approved. Miss Rutherford announced a sale of work at her home, 2 Argyle Court, on Wednesday, December 4.

Mrs. M. C. Fuller tendered her resignation as leader of the Mission Band. Mrs. Fuller's resignation was not accepted, instead she was promoted leader of a junior auxiliary, which was in course of formation. Mrs. H. P. S. Luttrell and Miss Niven were appointed to take charge of the Mission Band.

Mrs. Fuller received cordial thanks for the work she had received during her five years of office as mission band leader.

Baby Restless Night and Day With Eczema. Cuticura Healed.

"My baby boy, aged three months, was very restless night and day with eczema under both his little ears. It was in a red rash and very itchy. He was very cross and would lie awake nights and keep me up. I sent for a free sample of Cuticura Soap and Ointment. After using baby soon felt the soothing effect so I purchased a cake of Cuticura Soap and a box of Cuticura Ointment which healed him. He is now eighteen months old and the eczema has never returned." (Signed) Mrs. Paul Wilke, Viscount, Saskatchewan.

TILlicum CLUB HEAR AMATEURS

St. Aidan's Tillicum Club met for the usual weekly meeting, and under the leadership of Phyllis Burwash enjoyed an amusing amateur programme.

The meeting opened with a hymn, Father Griffiths led in prayer and the Scripture was read by Victor Willetton. The devotional lesson was given by Keith Sedgeman, who spoke well on the topic of "Rights and Wrongs" as seen in the lives of others, and regarding their improving the life of oneself.

Those taking part in the amateur programme were the capable and humorous master of ceremonies, Art Knapp; Mrs. Gilbert, musical paper; Barbara Dawson, Marie Edwards, Marjorie Griffiths, Rev. Griffiths, Mr. Burwash, Norman Carr, George Humeston, Victor Willetton, Arthur Knapp and Joe Tatham.

A short business meeting of the club was then held, after which the meeting was adjourned and closed in the usual manner.

It is rare for any locality to have perfectly normal weather.

BABY PRINCE CHRISTENED

Their Majesties God-parents
to Duke of Kent's Son
To-day

London, Nov. 20.—The King and Queen were god-parents when the infant son of the Duke and Duchess of Kent to-day was christened Edward George Nicholas Patrick.

The ceremony was performed by the Archbishop of Canterbury in the private chapel of Buckingham Palace. Other god-parents are the Duke of Connaught, who acted by proxy as he is spending the early part of the winter at Bath, the Prince of Wales and Prince Nicholas of Greece, father of the Duchess of Kent.

The Duke and Duchess invited the three doctors who attended at the birth of the child on October 8, as well as the two nurses, the nursery maid and others of the household staff at their residence in Belgrave Square.

The Home Secretary, Sir John Simon, was the only official representative attending.

The ceremony was performed by the Archbishop of Canterbury, using river of Jordan water dipped from the same golden font from which the infant's great-grandfather, King Edward VII, was christened.

The Archbishop was assisted by the Bishop of London, as Dean of the Chapel Royal. The golden font, brought to London from Windsor especially for the ceremony, was used by Queen Victoria for the christening of King Edward, great-grandfather of the baby prince.

The vessel, a shallow vase with lotus leaves along the edge, stands on a pedestal formed of three smiling cherubs. Victoria set it aside for use in the christening ceremonies of all her descendants born within the empire.

The baby prince was dressed in the christening robe of old Brussels lace and cream satin, made more than a century ago. It has been used at every royal christening since.

Hymns were sung by men and boys of the Royal Chapel in scarlet and gold uniforms, making a splash of vivid color against the mahogany pews, which were banked with white chrysanthemums and roses.

The whole service lasted less than half an hour, and afterwards the King and Queen gave a private tea party in the palace.

Lodge Social — Daughters of England, Lodge Primrose No. 32, will hold its social meeting on Friday at 7.30 in the Sons of England Hall, to be followed by an old-time dance, convened by Mrs. G. Bissenden.

CHRYSANTHEMUMS READY FOR ANNUAL TEA

Hundreds of gorgeous chrysanthemums, just coming to perfection in time for the annual chrysanthemum tea on Saturday afternoon are shown above in the conservatory of the Empress Hotel. Among the many choice varieties which Fred Saunders, the head gardener, will display in the lounge on Saturday afternoon are: "Birmingham," a beautiful shaggy, dark red; "Lord Hopetoun," crimson, gold reversed; "Tocket," an Australian variety in lovely creamy pink; "E. W. Booth," beautiful deep yellow; "Edith Cavell," bronze; "Corporal J. Fred Piper," handsome large yellow bloom; "General Petain," "Bayonet Flower," an unusual Japanese variety; "Bronze Queen," a very lovely new strain. In the single variety is "Ethel M. Johnston," tawny shade with an unusual perfume like almond; "Susan," whose color reminds one of the morning sun on the glacier at Lake Louise; "The Chief," a cream anemone flowered. In the pompon varieties: "Ethel," a lovely bronze, and "Beth," a white.

Mrs. Maud Haines, Mrs. Vera Barry and Miss Hazel Haines were appointed to work in co-operation with the Knights of Par West.

Calgary Women Hear Bennett

Former Prime Minister Says
Capitalism Must Be Purged
of Defects

Canadian Press
Calgary, Nov. 20.—Men must work to live and so the answer to our problems is employment, Mr. Hon. R. B. Bennett, past prime minister, told members of the Calgary Women's Conservative Association, who gathered to welcome him to the city where he made his home thirty-eight years ago. Mr. Bennett is in Calgary, the constituency he represents in Parliament, beginning a long-delayed holiday.

Mr. Bennett said it had taken centuries to build present-day civilization, and civilization must be saved—capitalism purged of its defects without the sacrifice of any of the fundamentals of truth, honesty and loyalty for which the forefathers of the people of Canada stood.

"These problems in the end get down to the individual," he continued. "The purchasing power of the people cannot be created by the printing press. It can only be created by service and its equivalent. I still believe that men must work to live and so the answer to our problems is employment."

"I believe that this capitalist system can be saved, but it can only be saved by the sacrifice of many things, for capitalism has demonstrated it is not the perfect thing that some people once believed it to be."

Artist Cited In Alienation Suit

Associated Press
New York, Nov. 20.—Natalie Hays Hammond, artist daughter of John Hays Hammond, wealthy mining engineer, was named as defendant to-day in a \$100,000 alienation suit brought by Leonard Doyle, Broadway actor.

In the complaint, filed in Manhattan supreme court, Doyle charged he married Leona Hogarth, an actress, in New Orleans in 1917 and that Miss Hammond lured her away from his home in July, 1934.

Beauty Parlor For Men Now

New York Reporter Pays
\$15 for Facial, Milk Bath
and Other Treatments

New York, Nov. 19.—New York's first beauty parlor for men only was opened yesterday on the twenty-second of a Fifth Avenue skyscraper. A flurry of truck-drivers, apprised of the event, suggested in scorn that the lofty location would provide a nice jumping-off spot for "de customers." The first customer of Miss Gloria Bristol's "scientifically and completely equipped male beauty shoppe" was a newspaperman imbued with the inequity of his trade. For "art's sake" he asked for "the works," and this is what he received: A facial mineral scrub "to restore the tone of the skin"; a steam pack; gland stimulation pack; color-restoring massage; gland oil; treatment for removal of pockmarks under the eyes; milk bath "to restore softness of the skin." Then a barber, a manicurist and a pedicurist took over the customer. The bill—\$15 even.

708 VIEW STREET UP FROM DOUGLAS

AROUND THE TOWN

With
Misses Pepsys

Tuesday, November 19.

Accompanied Samuel to town this morn without a word of my allowance. Still have a few pieces in my purse so deemed it wise to leave the matter. Mathews men, he strange doney creatures where a woman's money power be concerned.

Leave Samuel discharging at some length with Mister Black upon the street corner, and hurry on to Period Arts. 'Tis here within this shoppo one finds gifts that are different from the rest, that please the fastidious. Here be a fine Queen Anne coffee service, in warm yellow and white... but \$5. And I spy a Queen Anne teapot in rich black and white. 'Tis these many odd bits that do please the gift seeker... for they all be so original.

Up Government Street to Fort, and cannot resist a moment within The Posh Shop. Mistress Whyte did greet me from a bewildering array of blossoms and gaily hued ribbons. She did fashion with all the skill of trained fingers—a wedding bouquet. 'Twas a work of art—blending colors, perfection of soft satiny ribbons! Pink rose buds, that did breathe of romance, lacy adiantum... Bridesmaid's bouquets, too... great sheafs of spicy mums. Mistress Whyte, within the Posh Shoppe, doth fashion wedding bouquets into a mist of dreams.

Come again into the bright winter sunlight with a little sigh for a memory long past. Musing thus, stroll back to Government Street, and on to Digsons Limited. Here I do always find Christmas cards of character. 'Tis pleasant to feel the smallest remembrance hath something of dignity and originality. Digsons doth offer many—good Christmas card buys... and all be different. Did find a boxed variety of twelve gay cards for but 39 cents. There be, too, the personal gift cards these must indeed be ordered early... with name and address embossed in fine clear gold. Digsons be wonderful place to look for Christmas cards of every kind.

Meet Mistress Whyte as I did turn out of Digsons. She had but just come from the Needlecraft, at 715 Yates Street... and full of talk of the fine hand embroideries there. The softest linens... most intricate cutwork. There be sheet and pillow cases that make ideal gifts... table covers, all hand embroidered in finest white or oyster linen. A fine buy be a bridge set, boxed for giving. Mistress Whyte did favor pillow covers that were all cobwebby with drawn work upon the edge. And everything be priced to please all.

After some pleasant talk that did form a perfect oasis in the whirl of my busy day, go on to Murphy Electric at 751 Yates Street. Samuel and I do ever buy one gift for home and my self do favor this place.

Season one of the new Trillites that be creating such interest now. 'Tis a standard lamp effect with four fine light bulbs. There be, however, an indirect light within the top that can be switched on or off at will. 'Tis possible to flood the room with indirect light or use this standard lamp in the usual way. 'Tis very new and makes the older fixture in the centre of the room indeed look out of date. Murphy Electric do show many new standard and reading lamps and a wealth of exciting lamp shades to choose from.

'Did come to town this day in chief to see the great bargains now offered at 'Belfast Linen Company, 1625 Douglas Street, in their great anniversary sale. There be finest Irish linen handkerchiefs, some hand worked, at all prices. Then there be special British India hand-made lace doilies, all shapes and designs, some as low as 50 cents. Did myself buy an Irish linen hand-woven table cloth and six napkins. 'Twas amazing... the price was so little. There be bridge sets, of fine Irish linen, in a choice of colors and embroidered designs at but \$1.25. 'Tis wise to visit the Belfast Linen Shoppe at once while this special sale doth last.

Sped quickly back along Douglas and up Fort Street to the English Bakery, for I did fancy the aroma of warm spices and the savor of puddings and cookies. Was well rewarded, for this day the English Bakery doth mix their good plum puddings for the festive season. Which did remind me of several friends within the Irish land that ever do look forward to fine pudding from Victoria. They be made this year in sizes from one pound weight and do sell at 35 cents a pound. Mine pies there be, too... large and juicy... at 10 cents and 25 cents. Smaller ones can be priced at 40 cents a dozen. This day could not close without I did go within Mister Gibson's Studio at 748 Fort Street to question him as to Samuel's likeness. Here I did find much bustle and hurry. 'Twould seem many people wish a likeness this season. Ever there be some who will leave it till the shortest space of time. Mister Gibson doth not wish to disappoint. 'Tis therefore wise to make appointments early. The new lighting system within this fine studio doth bring out the finest qualities within a countenance and it doth also soften and erase many harsher lines.

Home—to find Samuel seated before the fireplace with his pipe and wee jack in doggy worship at his knee. Some pleasant talk anon.

Toronto Leafs Continue Powerhouse Drive In Major Hockey

THE SPORTS MIRROR

RECENT furore in eastern Canadian football over the Ottawa Rough Riders being accused of playing a pro ball player on their club in the Interprovincial Rugby Union, is well summed up in a couple of paragraphs carried in the column of Bas O'Meara in The Montreal Star. It is alleged that Roy Berry, who played with Ottawa all season, was really Bob Hilliard, former University of Texas grid star and a semi-professional baseballer. In writing on the incident O'Meara said:

"Trouble in the Big Four again. Riders are accused of having a former pro ball player on their club. 'Some time ago this column was advised that Berry was another fellow, in fact that O'Neill and Berry were two other fellows entirely. Berry's name was mentioned as Hilliard, but he was represented as a pro football player, not baseball star."

"This operator was not worried very much over the presence of another alleged pro or two in the Big Four circuit. The news value of such importations has been dwindling ever since Masters and Carleton masqueraded under the same auspices some years ago. Both O'Neill and Berry seemed to be very fine players except for their tendency to fumble when in favorable positions."

"It would not surprise if they are pros. On the other hand, they are entitled to proclaim themselves amateurs until proven otherwise. To this corner it looks as though most of the Big Four clubs were aware of their exact status whatever it may be, all the time, but nothing was done till Ottawa harpooned the Argos when the quick sleuthing that followed would have done credit to Sherlock Holmes."

The big surprise and news element in some of these stories will be to find out some day that there are actually amateurs in this league. Undoubtedly there are some. It seems unfortunate that the Ottawa club should be involved again after their rather weak presentation of the reason why they did not know that Masters and Carleton were pros some years ago. "Undoubtedly Jimmy McCaffrey and his confreres who are able athletic diplomats will be able to explain this situation at length. In the main, rugby followers will be unperturbed by such allegations. Last year Argos had two pros on their team all season, a fact well known to most of the other club officials. Still it was not till the season was over that anything was said about it. "The players were allowed to depart. Argos went about their business as usual and everything was serene."

In the meantime reports from the east have it that eastern grid fans have decided Canadian rugby can get along nicely next fall with less importing of players from the United States. Opponents of the import idea point to Hamilton Tigers as an example of their contention that the future of rugby in this country rests in the hands of Canadians—to further their stand they turned to Toronto Argos who graduated a host of youngsters to build them into one of the strongest gridiron machines in the Dominion.

Diurnal failure of Montreal Winged Wheelers this year is additional proof of the argument, the anti-importers say. They blame the poor record of Clary Fourn's men to over-importation of American stars eliminated by a walkout of the visiting team. Montreal has had little luck with their imports since Warren Stevens came over from the University of Syracuse to adapt himself quickly to the Canadian game and forward pass the Wheelers to the Dominion title in 1931.

This year the Hamilton Tigers owe considerable of their success to the work of Johnny Ferraro, former Cornell University captain, but they have built the squad around Canadian players, many of whom learned their rugby in the shadows of Hamilton's mountain. Al Elowitz has left nothing to be desired in his sensational leadership of Ottawa, but he is about the only one of the imports to the Dominion capital that could claim superiority over the average first-rate Canadian footballer.

Western Canada has gone in for importing in a big way in recent years. Regina and Winnipeg starting the idea which this year spread to Calgary. But many of the stars who pushed Canadian youths out of the game did not win so brightly when they faced strong eastern com-

ELIOWITZ IS SCORING ACE

Ottawa Star Leads Point-getters in Interprovincial Rugby Union

Toronto, Nov. 20.—The all-round ability of Al Elowitz, good enough to win the Jeff Russell Memorial Trophy this season, carried the triple-threat Ottawa to the scoring championship of the Interprovincial Football Union, a summary by the Canadian Press revealed yesterday.

In a nine-game schedule which finished last Saturday, Elowitz scored sixty-two points and took the championship from Hawley "Huck" Welch, Hamilton Tiger backfielder, 1934 winner. Welch, clinching a brilliant late-season campaign with eighteen points against Montreal, failed to catch Elowitz by three points.

The versatile Elowitz scored most of his points kicking. He booted nine field goals, finishing second in that division to Tommy Burns of Toronto Argos, nineteen singles and six converts. He rounded out his total with two touchdowns.

To Welch, however, went honors for scoring most tries. Forced to do most of the backfield duty after Frank Turville's injury, Welch scored six touchdowns, besides kicking three field goals, seventeen singles and three converts, for a total of fifty-nine points. Burns took third place with fifty-four points.

petition. This year's mighty Winnipeggers who defeated the Dominion champions, Regina Imperials, may prove an exception to the rule. Practically an All-American team and coached by Bob Fitts, who learned his football in Concordia College, Winnipeg, this year hope to take the Canadian championship west for the first time.

Score is 7 to 2 in Game at Montreal; Boston Blanks Americans

Rangers-Detroit In Another Tie

By ELMER DULMAGE
Faster on the pick-up than any other machine and definitely the first to adjust its sights for rapid scoring, Toronto Maple Leafs went scotching down the National Hockey League runway to-day as usual—with everybody else in pursuit. It's a habit the Leafs have been cultivating for three years, this business of breaking fast from the barrier.

Tied by those lowly New York Americans in the opener, Conny Smythe's N.H.L. champions have worked out a three-game winning streak, clinching the early drive with a smashing 7 to 2 triumph over the improving Canadiens yesterday evening at Montreal. Danger signals went up all over the circuit after that scoring masterpiece.

It came about while the powerful Boston Bruins were turning back New York Americans 1 to 0 in Boston, and while Detroit Red Wings were achieving their third consecutive tie, this time with the Rangers at New York. Something had to be done to make the hockey night a success, and the Leafs took on this job with much joy.

Contrary to the unwritten law that the Leafs can only be beaten by man-to-man methods, Canadiens swooped out in the open for this engagement and wilted rapidly before the barrage of fire. Perhaps Silvio Mantha's speedy employees hoped the Leafs could be topped much as Americans fell 6 to 0 Sunday night.

But they did not fall. In the open going, the N.H.L. champions slammed in four goals in the second period after having bagged one in the first, then made it 6 to 0 against Canadiens early in the third period. It was an emphatic answer to the invitation to open warfare.

YOUNGSTERS STAR

Pep Kelly, sophomore right winger, and Bill Thoms scored two goals each; while the heavy gunners, Charlie Conacher and Harvey Jackson, each scored one. The seventh was tallied by defenseman Bill Hollett. Jack McGill and Paul Haynes scored for Canadiens in the third period.

The result left the Leafs with a five-point lead in the Canadian section, and in a good position to withstand any early gunning Montreal Maroons may have planned. Maroons' Stanley Cup winners have played only one game, winning it.

The Smythian plan of campaign is well known—to get a commanding lead by Christmas. The Leafs came along from behind in 1933 to win the Canadian section, but for the last two years they have built up early margins and coasted into the play-offs. The early jump is called for again.

After three starts, Jack Adams' Red Wings still are without a victory and without a defeat. They have played three ties. Three goals have been scored against them and they have scored only three. The situation is being allowed to develop, according to latest reports.

Only 7,000 spectators sat in Madison Square Garden to watch Rangers finish off square with the Red Wings in a rough contest that produced lots of scoring chances, but only four goals. The Blue Shirts tried out three rookies, all 1935 amateurs, including Phil Watson from Montreal. Joe Cooper from Winnipeg and Neil Colville from Edmonton.

Cecil Dillon and Frank Boucher scored for Rangers and Larry Aurie and Syd Howe for Detroit. Only one goal came when both teams were at full strength.

It took the busy Bruins forty-five minutes before they could crack open a sturdy New York American defence and wing to 0 from Red Dutton's boys. Charlie Sands potted a rebound after Eddie Shore and Max Kaminsky had carried the puck in close. The Americans are still without a victory after four tries.

Lineups and summaries follow:
Toronto—Hainsworth, Day, Clancy, Thoms, Blair, Fimmigan, Horner, Hollett, Blair, Conacher, Primeau, H. Jackson, Kelly, A. Jackson, Metz.
Canadiens—Cude, Buewitt, Lesieur, Haynes, McGill, Gagnon, S. Mantha, Joliat, Mondou, G. Mantha, LaRochette, Goldsworthy, Fusis, Rung, Couture.

STRANGE AS IT SEEMS

A PICKLE THAT HAS BEEN PRESERVED FOR 81 YEARS IS OWNED BY Mrs. Alice Clingen, Green Springs, Colo.

In 1853, when Grover Cleveland was President of the United States, Miss Theo Hall was appointed postmistress of Medical Lake, Wash. For forty-two years, until her death this year, she served in the same position in spite of the change of administrations that often result in changes of post office jobs. Her appointments were continued under Presidents McKinley, Theodore Roosevelt, Taft, Wilson, Harding, Coolidge, Hoover and Franklin D. Roosevelt.

Strange as it seems, Trinidad was

named by Christopher Columbus before the great explorer knew that there was such a place as Trinidad. When Columbus set out on his third voyage to the New World, he vowed that he would dedicate the first new land he found to the Holy Trinity. When he discovered the island that is now called Trinidad, he named it Trinidad, subsequently shortened in English to Trinidad.

Jacob Ludwig Felix Mendelssohn-Bartholdy, the famous German composer, commonly known as Felix

Mendelssohn, began his career of musical composition at the age of nine. He started taking music lessons at the age of four. Before he was in his teens he had written between fifty and sixty pieces for piano, violin and organ. At thirteen he composed six complete symphonies, and by the time he was fifteen he was the author of four operas. His "Trumpet Overture" and overture to "A Midsummer Night's Dream" were written when he was seventeen.

Freddie Steele Is Through For Year

Tacoma's Flashy Contender For Middleweight Boxing Title Injures Hands Badly In Scoring Easy Victory Over Young Stuhley

Seattle, Nov. 20.—Freddie Steele, Tacoma, a leading contender for the middleweight boxing championship, has gone on the shelf with injured hands for the remainder of this year.

He bruised both mitts so badly in defeating Young Stuhley, Chicago, in a ten-round bout here yesterday evening, Dave Miller, his manager, said he would rest Steele until next year.

Freddie scored two knockdowns and won every round in conquering Stuhley, a ranking middleweight. Steele battered the Chicagoan to the canvas with a left to the stomach in the fourth round, and with a right to the head in the seventh. Stuhley was on a bicycle all the way, and except for a flicking left, spent his time dodging and ducking Steele's swings.

The Tacoma boy injured his hands against Gorilla Jones, Akron, Ohio, negro, a few months ago. "He entered the ring with a bruised left against Stuhley, but his right was in the worse condition after he finished beating the Chicagoan. Steele weighed 154½ and Stuhley 159½. Al Hostak, 151, Seattle, took Billy Lancaster, 140, Spokane, negro, to the cleaners for a technical knockout in the fifth of six rounds in the semi-windup. Hostak packed too much punch and showed too much class for the Spokane boy. In the first round, Hostak hit Lancaster low while baring in, and the referee called a three-minute rest.

Lacrosse Player Fined For Assault

Orillia, Ont., Nov. 20.—Gordon (Butch) Boettger, star centre of Orillia Terriers, Canadian lacrosse champions, was fined \$10 and costs in police court yesterday on a charge of common assault. Magistrate C. I. Bick had the original charge of assault occasioning actual bodily harm reduced.

Boettger was charged with assaulting 500 Sing, Orillia restaurant waiter, with a poker.

The lacrosse player will be required to pay for the damage to the interior of the restaurant, caused during a fracas, and the waiter's medical bills.

N. S. FRASER NAMED HEAD

Is Chosen President of the Greater Victoria Lawn Bowling Association

At the recent annual meeting, N. S. Fraser was named president of the Greater Victoria and District Lawn Bowling Association, for the ensuing terms.

J. W. Mercer, the retiring president, reviewed the association's activities during the year and expressed his appreciation to the officers and delegates for their co-operation.

Other officers appointed were: Sir Frank Barnard, honorary president; N. S. Fraser, president; W. Peddie, first vice-president; P. J. Harris, second vice-president; A. T. Harris, secretary; A. A. Warden, treasurer; A. McKeachie and G. B. Dixon, auditors, attend.

Ernie Butterworth Unable to Handle McKeachie Cup Squad This Year; Candidates Selected For Trial Game For Victoria Team

Well-laid plans of Victoria's rep rugby selection committee, like those of Burns' mice and men, went agley to-day, following preliminary preparations laid yesterday evening for the choice of the city's squad for Boxing Day's McKeachie Cup game.

The selectors chose thirty-one candidates and tentatively set November 30 as the date for a trial match between two teams to decide which players would represent the city against Vancouver on December 26.

They unwittingly ran into their first obstacle when they named Ernie Butterworth coach. Successful for several years in producing winning squads, Mr. Butterworth will not be available for duty this year. A prolonged bout with rheumatism, which he is still waging, will keep the well-liked mentor away from chilly night practices this year. To-day, in a statement to The Times, he declared he would be willing to assist the team to the limit of his abilities, but could not take over coaching duties at a time when weather conditions were at their worst for the ailment from which he suffers.

NOT AT BRIGHTEST

Coaching possibilities were not at their brightest to-day for the squad, Charlie Morton, who has not been mentioned by the selectors as a possible leader, but who has been the most successful club coach in the city during the last three or four seasons, will not be available even if he receives a bid to work the squad for the union.

The teams, as selected yesterday evening, will probably undergo considerable revision before the men who will wear the red jerseys of the Crimston Tide are selected. It was believed in certain circles that some of the backs in the suggested second team might be replaced by other performers whose showings have been particularly good this year.

Rugby observers, realizing the difficulties faced by the selection committee and the impossibility of pleasing all clubs concerned, believed many of the men, particularly in the first squad, were excellent choices and reserved the rights of their own opinions on some of those in the second team.

PROPOSED CANDIDATES

The actual line-ups as announced yesterday evening, follow:

No. 1 team—Fullback, Robinson; Navy: three-quarters, Hibbert, Rowe; Fifth Brigade; Appleton; Canadian Scottish; Buxton, Garrison; halfbacks, Fleming, Fifth Brigade; Stipe, Fifth Brigade; forwards, Dowell, Fifth Brigade; Peard, Canadian Scottish; Barker, Navy; Briggs, Bays-Wanderers; Banks, Canadian Scottish; Hall, Navy; De Blaquiere, Fifth Brigade; and Acland, Canadian Scottish.

No. 2 team—Fullback, Colate, Canadian Scottish; three-quarters, Osmann, Bays-Wanderers; Smith, Navy; H. Anderson, Canadian Scottish; Shone, Garrison; halfbacks, McCannan, Bays-Wanderers; D. Stewart, Canadian Scottish; or Martin, Canadian Scottish; forwards, B. Campbell, Canadian Scottish; Petterson, Bays-Wanderers; Engelson, Fifth Brigade; Campbell Forbes, Canadian Scottish; Corbin, Navy; Eastham, Fifth Brigade; Usher, Bays-Wanderers, and Gardner, Canadian Scottish.

Differences In Women's Athletic Federation Ironed Out

A.A.U. Leaders Clear Ann Clark Of All Charges

Motion of Censure Against Vancouver Secretary Ruled Out of Order

Hockey Problem To Be Tackled

Halifax, Nov. 20.—Differences between Quebec and Ontario members of the Women's Amateur Athletic Federation and Maritime members were ironed out to-day when delegates to the W.A.A.F. convention met the advisory committee of the Canadian Amateur Athletic Union.

The trouble originated Monday afternoon over a system of proxies that gave the Maritime branch control of the meeting.

The case was investigated by an advisory committee of the Amateur Athletic Union of Canada which told the central Canadians to return to the federation or its articles of alliance with the A.A.U. would be broken.

Miss Ann Clark, Vancouver, the federation's national secretary, was exonerated of all charges laid against her, regarding proxies and the Hamilton Olympic Club. John Leslie, Edmonton, the A.A.U. secretary, said she may have made one mistake in not answering letters from Miss Irons, Ontario branch president, which said the Ontario branch was keeping tabs on the Olympic Club question, but Miss Clark was sick at the time.

At the same time the Hamilton club was cleared of charges that it "cornered all available athletes" and was praised for the work it was doing in the city.

MOTION RULED OUT

A motion passed Monday morning censuring Miss Clark for making accusations against the Olympic club and then not coming to the annual meeting to substantiate her charges was ruled out of order by W. A. Fy. Dunnville, Ont., president of the union, because minutes of the previous annual meeting had not been read.

The advisory committee also declared the proxy system which permitted the Maritime Provinces branch to virtually control the meeting, was declared just because all proxy-holders had written instructions as to how they should vote.

Halifax, Nov. 20.—A cavalcade of amateur athletic officials stormed Halifax to-day to do battle on a complex of problems that nearly all arose in the last month.

To-day's committee was attempting to throw out the question of what team would represent Canadian hockey at the Olympic Games next year. The hockey problem arose when the Halifax Wolverines, 1935 Allan Cup winners, suddenly disbanded shortly before the Maritime Hockey League was scheduled to open.

At least four courses were open to the C.A.A.U. committee. A team could be built up around the remnants of the Wolverines, augmented by players named by the association; an all-star aggregation could be formed; a play-off series between Montreal Royals and Port Arthur Bearcats, semi-finalists and finalists this year, might be arranged; or Port Arthur Bearcats could be asked to represent Canada as next in line following the withdrawal of the Wolverines.

Delegates refused to make any predictions, but it appeared likely the latter suggestion would be adopted, especially in view of the fact that the Bearcats had remained intact after the series with the exception of Jimmy Hagarty first-line centre, who was in England, but within call of the association.

"The Olympic committee has practically handed the hockey association absolute authority to send a hockey team of its own choice to Europe," President Gilroy said. He explained the C.A.A.U. was financing its team entirely and in previous years had given the Olympic committee as much as \$5,000 "with no strings attached" to help in sending Canadian athletes to the international games.

Report Foxx Going To Boston Red Sox

Latest Baseball Trade Has Athletics Bartering First Baseman, Cramer and McNair For Large Sum of Cash and Bill Werber; St. Louis After Hubbell

Boston, Nov. 20.—The Boston Globe said in its columns to-day it has learned Jimmy Foxx, Roger Cramer and Eric McNair of the Philadelphia Athletics will be turned over to the American League Red Sox in a baseball trade involving "a generous chunk" of Red Sox cash.

Bill Werber, rated the American league's best third baseman two years ago, and cash will go as the Red Sox's part of the transaction, The Globe said.

The paper said Foxx and McNair will play in their respective first base and shortstop position, while Manager Joe Cronin of the Sox will shift to third base.

Dayton, O., Nov. 20.—Baseball trade winds flew to-day as the minor league meeting opened — but few trades were consummated.

Most of the managers were holding off on final decisions in hopes of doing better later in the season. Branch Rickey, vice-president of the St. Louis Cardinals, was very much in the spotlight with his announcement that thirty of the thirty-eight Red Birds were on the auction block.

Only "Dizzy" and Paul Dean and Jess Haines, hurlers; outfielders Joe Medwick and Terry Moore; infielders Leo Durocher and James (Ripper) Collins; and Manager Frank Frisch are sure of Cardinal berths in 1936, Rickey said.

Among the reports was one that Billy Evans, former general manager of the Cleveland Indians, would take over the presidency of the Detroit Tigers.

HUBBELL TO CARDS
Cardinals may get Carl Hubbell from New York Giants in return for second baseman Burgess Whitehead. This report smacked of accuracy. Manager Bill Terry of the Giants was around making a desperate search for a second baseman—and the cards need a pitcher like Hubbell badly.

A big three-cornered deal among New York Yankees, Washington and Boston Red Sox was rumored widely. If it proves true, the Red Sox will get outfielder Heinie Manush and pitcher Jack Russell from Washington; the Yanks will get Roy Johnson, slugging outfielder, from Boston, together with pitcher Bump Hadley and outfielder Jonathan Stone from Washington; Washington will get outfielder Ben Chapman and pitcher Johnny Murphy and Jimmy DeShong from the Yanks.

EARL COMBS TO COACH YANKEES

New York, Nov. 20.—Earl Combs, veteran New York Yankee outfielder, is through as an active player but will be retained as coach, reported Joe Sewell, Manager Joe McCarthy announced yesterday.

McCarthy said Sewell would sign with some minor league club as manager. Reports have had it that Sewell will take Bob Shawkey's place at the helm of Newark Bears, a Yankee farm team.

Combs came up to the Yankees from Louisville for a reported price of \$50,000 in 1924.

INVESTIGATE BERRY CASE

Amateur Union to Probe Activities of Ottawa Footballer This Week

Halifax, Nov. 20.—Investigation of Roy Berry who played football this season with Ottawa Rough Riders in the Interprovincial Union, would be held this week by the Canadian Amateur Athletic Union and if he were found guilty of any infraction of the amateur code, he would be reported to the American Union, W. A. Fry, Belleville, Ont., president of the Canadian Association, declared on his arrival here yesterday for the annual meeting of the body.

The Amateur Athletic Union had no power to suspend the Interprovincial Union or any team in it because it was not allied with the A.A.U., he said. The only attack the amateur body had on the union was through amateur cards and all amateurs had been warned against playing with or against the Rough Riders until the Ottawa team had cleared the reflection on its name.

Sensational "impersonation" charges were brought against Berry in a Toronto paper last week when it was alleged his right name was Bohn Hilliard, former University of Texas football player and a semi-professional baseball player.

Victoria West first and second division football evenings will hold a workout to-morrow evening at the clubrooms at 8 o'clock. Members of the executive are also requested to attend. Players and executive members are asked to note the change from to-night to to-morrow evening.

An important meeting of the Lower Island Juvenile Football Association will be held in The Colonnade boardroom on Monday, November 25 at 7:30 o'clock. All clubs are asked to have representatives present. The final report of the ways and means committee will be presented at the meeting.

Queen's entered a challenge on its own behalf after intercollegiate authorities had declined to approve it. The college union decided more than two years ago its champions would not participate in any further Canadian playdowns.

Having made tentative plans to play Queen's in the eastern semi-final Saturday, Tigers were bitterly disappointed at the C.R.U. decision rejecting the entry of the intercollegiate champions.

This threat will be brought directly to C.R.U. attention to-day when a representative of the Tigers meets Secretary R. W. Hewitson of the national organization. It appeared possible that, under the circumstances, the C.R.U. might accept the Queen's challenge after all.

In refusing Queen's entry, the C.R.U. acted according to its constitution which sets out that the challenge of any champion must be made through its union. In the case of the tricolor, the Intercollegiate Union refused to approve or send in a challenge. So the Kingston athletic board acted on its own behalf.

Hamilton, Nov. 20.—The executive of Hamilton Tigers, Interprovincial Union champions, decided yesterday to protest to the Canadian Rugby Union against a decision refusing to allow Queen's University to enter the Canadian football playdowns. Tigers will threaten to withdraw from the playdowns unless Queen's are allowed to play.

THREE CHOIRS GIVE RECITAL

Elgar, Ariel and Centennial United Church Groups Offer Fine Concert

By G. J. D.

Only a few days ago a musical audience gathered to hear a miniature festival in which instrumental music played the greater part. Yesterday evening at Centennial United Church a similar recital took place.

On this occasion the programme was devoted to the Elgar, Ariel and Centennial United Church groups, and mostly by British composers.

In this pleasant endeavour three choirs took part, the Elgar Choir, the Ariel Singers and the Centennial United Church choir, all responsible for twenty-two numbers, consisting of part songs, quartettes, duets and songs, and one concluding chorus by the combined three choirs with good Handelian spirit and tone volume.

Let their Celestial Concerts, conducted by Mr. Buckley.

There is much to admire in the setting of the Elgar Choir, which, by the way, has its home at Sidney, a body of approximately forty; keen and earnest singers.

First, it has excellent lines of choral thought and purpose, secondly, it is a perfect example of training and choral discipline.

In all the choir did there were first-class articulation, unanimity and some nicely-attained tonal gradations, under its director, J. W. Buckley, choirmaster at Centennial United Church.

Among the chorus numbers were "Land of Hope and Glory," "The Dance" by Elgar, from whom the choir is designated. Its male section gave a capital rendering of "The Ash Grove" and "Manna in the Desert."

The two duets, "The Moon Hath Risen" and "The Spider and the Fly," by Miss Charlebois and J. W. Buckley, were also much enjoyed, as was also the Elgar Male Quartette (W. Jones, W. J. Gush, O. Thomas and C. E. Toomer), in "Wilhelms' Song" and "Chant with a Ho, Heave Ho."

Frank Tupperman's Ariel Singers (re-

male) gave most interesting assistance in a group of three numbers. "The Witch's Steeds" (Harris), Elgar's refreshing "As Torrents in Summer" and very expressively McDowell's "To a Wild Rose."

This body of young fresh voices has assembled during the last few weeks for the purpose of interesting those who are not associated with other choral organizations, and is really a continuation of the High School Girls' Choir, to keep their interest going in choral work.

Gertrude Straight, Jessie Jones and Mrs. Paul Green (at the organ, organist of Centennial United), were the very able accompanists.

PAST LEADERS ARE HONORED

Former Presidents of Credit Granters' Association Receive Tribute

Three past presidents of the Victoria Credit Granters' Association, James H. Fletcher, George E. Macdonald and J. Morse Hatt, were honored at an informal luncheon of the association in Spencer's dining-room yesterday.

The work of the association since its foundation in Victoria four years ago was reviewed by Mr. Hatt. He pointed out that the present membership of the local group was as high as that in Vancouver. This had been achieved, he said, through close co-operation among members.

Harry B. Dawson, secretary of the organization, received special tribute from Mr. Hatt.

Miss M. G. Pugh and Miss Edith Corbin, president and secretary of the Credit Women's Breakfast Club, were guests at the luncheon.

Miss Kay Clarke, soprano, offered two solos, accompanied at the piano by Miss Dorothy Wilbore.

Pacific Pictures donated by the manufacturers of Pacific Milk, which will be shown to-morrow evening at Mount View High School auditorium, will be presented under the auspices and in aid of the Talmi school sports fund.

An open meeting under the auspices of the Oxford Group will be held in Duncan, in the Knights of Pythias Hall, on Sunday afternoon next at 2:30 o'clock, when a team from Victoria will speak. The team is representative of the business, professional and domestic life of this city, and includes several young people. Members of the team will speak in the United and Presbyterian Churches and in St. John's Anglican Church, Cobble Hill, at the morning services.

NEWS IN BRIEF

Purchase of half a dozen helmets and half a dozen fireproof coats at a total cost of about \$132, was authorized by the Saanich council yesterday evening.

A request from the Victoria Cycling Club for financial assistance toward construction of a board race track in Victoria next year, was referred to the 1936 council by the Saanich council yesterday evening.

The annual meeting of Ward 3 Liberal Association will be held to-night at 8 o'clock at Liberal headquarters. Major H. McGavin, president of the Central Association, will address the meeting.

The fifth of a course of lectures on Old Testament prophets will be given by Dean Quinlan in Room 21 of the Memorial Hall to-morrow evening at 8 o'clock. The special subject will be "The Second Isaiah."

Miss Mary Yennery of the "Ask Mr. Foster" service at Portland, Ore., is at the Empress Hotel to-day. She is talking travel matters with Miss Esmé Thomson, manager of the Victoria bureau.

The annual meeting of Ward Three Liberal Association will be held Friday evening next at 8 o'clock in the headquarters, corner of Government and Broughton streets. The election of officers will take place. All members are urged to be present.

An enjoyable time was had by all at the weekly card party of the Victoria West Liberal Social Club held yesterday in the clubrooms, 414 Skinner Street. Ten tables of progressive five hundred were in play. Refreshments were served by the committee.

Hon. A. Wells Gray, Minister of Municipal Affairs, will attend the formal opening of a new \$150,000 rink and civic auditorium at Nelson next week. Mr. Gray said to-day he had accepted an invitation to attend and will be away from Victoria for the latter part of the week.

Cars from forty states of the United States, the Philippine Islands, Hawaii and five provinces of Canada were among the 1,510 that came to the island through Sidney between January and October. Washington cars headed the list with 507 with California next with 506, but it is pointed out that most California cars came via Port Angeles. Hundred cars from Alberta and 102 from Oregon were among the totals.

Duck hunters are now waiting for a two or three-day freeze-up in the Cowichan district. Experienced hunters get good sport by waiting for the cold snap to give the mouth of the Cowichan River an ice coat and then getting the ducks as they go to unfrozen waters. Bill Spencer of Florence Lake reports some fine flights of ducks in that vicinity which started ten days ago and are continuing.

Free entry of publicity literature from Canada into the United States will be sought by the Victoria and British Columbia Travel Bureau. The new trade agreements announced Monday permit the free entry of tourist literature from the United States and it is pointed out that the free entry of such literature between the two countries was first proposed by the Victoria and Island Publicity Bureau.

Programmes for the performance of "The Messiah," which will be given in Christ Church Cathedral on December 18, are now on sale at Kent's Music House and at Fletcher Bros. Admission will be by programme only and no programmes will be sold at the door. As many people were unable to obtain admission last year, the public are advised to obtain programmes early. Joint rehearsals of the chorus and orchestra will be held in the Cathedral at 2:30 p.m. on December 1, 6, and 18.

Dr. Andrew McKellar will deliver a lecture to-night on "The Spectroscopic and Its Uses" in the parlors of the T.V.C.A. at 8 o'clock. This will be the third and final public meeting of the fall session of the Royal Astronomical Society. Many requests from laymen and students of astronomy for information regarding the spectroscopic, so much used in today's research work in astrophysics, will be met in this interesting lecture. Dr. McKellar is a member of the staff of the Dominion Astrophysical Observatory.

At the monthly meeting of the Talmi Veterans' Section of the Canadian Legion, held in their headquarters, 312 Blanshard Street, the members unanimously endorsed the suggestion that the Ladies' Auxiliary draw work pertaining to Remembrance Day during the last four years. This assistance has taken the form of supplying refreshments to the taggers on Poppy Day, a voluntary service which has contributed in no small measure to the success of Remembrance Day.

The first of a series of winter concerts planned by the secretary, A. H. Hundley, will be held in the Citizens' Recreation Rooms to-night, for the entertainment of the men who use the rooms. The programme has been arranged by Tom Obee, who will present "The Headliner" Concert Party, commencing at 8:15 o'clock. The programme will include selections by the orchestra; solo, Master Earl Morrison; humorous song, Tom Obee; cornet solo, H. F. Good Murphy; comic song, Stan James; tenor solo, Frank Partridge; humorous song and patter, Buster Brown; tap dance, Ray Hunter; comic sketch, Ernie Impett and company; taps and humorous dancing, the Sisters Fina; imitations, Parson Blair; comedy act, Tom Obee and Stan James.

John Hyzka, alias McLean and Henderson, was sentenced to four years' imprisonment by Magistrate Jay in the City Police Court this morning.

Hyzka, wanted at Penitentiary for jail breaking in September, was convicted yesterday and Monday of eight charges of retaining stolen goods in his possession. On one of these the amount involved was valued at more than \$25 and on this charge he was sentenced to four years.

On each of the other charges he was sentenced to six months, to run concurrently with the longer term. The four-year term will commence at the expiration of a twenty-three month term which he is now serving at Penitentiary on a charge of breaking and entering.

In the city court Hyzka was arraigned on nine charges, arising out of the robberies of several Oak Bay and Victoria homes, but one was dismissed.

Michael Cooper, chief of the Songhees Indians since 1904, yesterday evening tendered his resignation to the Dominion Government Indian agent as chief of the Songhees Reserve. The chief's resignation was necessitated by ill-health.

General regret was expressed among white officials and Indians over the loss which the government service has suffered with the chief's resignation. During his many years of office he has been a just administrator for the Indians and maintained close contact between them and government authorities.

Now in his early seventies, Chief Cooper feels he can no longer perform his duties with the satisfaction that has marked his work in the past. He will continue his residence on the reservation.

No announcement has been made as to who his successor will be.

He illustrated his lecture, which was of topical interest, as it dealt with places affected by the Italian-Ethiopian war, with a number of colored lantern slides.

"Many people wonder why Britain has not closed the Suez Canal," Mr. Roddan said. "They do not realize that the Old Country has one of the most of the shales, and even if she held all of them, there is an agreement which says that at no time, in peace or war, can the Suez be closed."

Obituary

MARTINE SORENSON

The funeral of Mrs. Martine Sorensen, who passed away last Sunday, will be held on Friday morning at 11 o'clock in Hayward's B.C. Funeral Chapel, Rev. Edwin Brasher conducting the service. Interment will be in Royal Oak Burial Park.

WILLIAM ERNEST RYLANDS

With Canon F. A. P. Chadwick officiating, private funeral services were held this morning over the remains of William Ernest Rylands, who passed away suddenly at Deep Cove on Sunday. Interment was in Colwood Burial Park.

KATHERINE APPLETON

Mrs. Katherine Appleton, widow of Frederick Appleton, passed away yesterday at her residence, 2318 Lee Avenue, following a brief illness. She was born in Victoria sixty-nine years ago and had resided here all her life.

She is survived by one son, F. Gordon Appleton, and one daughter, Mrs. Bruce Irving, both of Victoria. The funeral will be private and it is requested that no flowers be sent.

EMMA MARY FISHER

At the family residence, 1006 Belcher Avenue, the death occurred yesterday evening of Mrs. Emma Mary Fisher, widow of John Walter Fisher. Mrs. Fisher was born in Colchester, England, and had been a resident of this city for thirteen years. She is survived by three daughters, Mrs. Lillian Fisher, at home; Mrs. J. W. Thornburn, Victoria; and Mrs. E. Richbell, Winnipeg; three grand children, and nephews and nieces in Brightlingsea, England.

Funeral services will be held on Friday afternoon at 2 o'clock at McCall Bros. Funeral Home, Rev. J. A. Hughes officiating. Interment will be in Royal Oak Burial Park.

JUDGE MOVES TO VICTORIA

Mr. Justice Robertson of the Supreme Court will move from Vancouver to Victoria to make his residence here for winter and spring at least, he announced from the Bench to-day in speaking of the handling of court business in Victoria in connection with the shortage of judges during the last several weeks.

He and Mrs. Robertson, he said, have taken for six months the house of Mrs. David Doug, 1999 Lansdowne Road, and will make their home there, instead of in Vancouver as at present. He said he would be going to the mainland only when stress of work called for it.

Thus for the first time since Mr. Justice Gregory retired in April, 1934, Victoria will have a resident Supreme Court judge.

News of Mr. Justice Robertson's removal to Victoria was accompanied by intimations in legal circles that it was to be followed immediately with the appointment by Ottawa of a new Supreme Court judge to fill the place on the B.C. Bench left vacant by the death several weeks ago of Mr. Justice Lucas.

The appointment to this vacancy was not filled by the Bennett government before it went out of office, despite the pressure brought by applicants on the mainland for the post.

The moving of Mr. Justice Robertson to Victoria, it was intimated to-day, meant that a man from the mainland and not from Victoria was being appointed, the understanding being that Judge Ellis of the County Court, Vancouver, would be named to the Supreme Court, with Judge Ellis's place on the County Court bench being offered to A. M. Macdonald, K.C., former attorney-general of B.C.

They represent a high society garden party, which will form one of the settings for the romance of David Manners and Maxine Doyle in the Central Films production "Stop, Look and Love."

Out of the forty-five, only three had any idea of what they would be doing. Those three were to be the waiters at the party, and had received a few pointers beforehand on their behavior.

Reginald Hincks, who is in charge of the local talent for the film, shepherded his flock into the buses and checked the blue slips with which the extras were armed, and which they will cash in when their labor is done.

Nobody knew this morning how long the garden party would last. One of the problems facing the movie company at present is that of insurance on the driver who will shortly wrap a car around a telegraph pole in the Ten Mile Point district for one of the scenes.

Mrs. William Austin, business manager of Central Films, stated this morning that the company hoped to finish its work here by the end of this week.

James J. Bothwell was chosen secretary and Mrs. W. C. Moreby treasurer.

The following were named delegates to the central executive: Trustees W. C. Moreby, K.C.; A. S. Dunne and L. Macdonald.

A talk on organization matters was given by E. W. Maynard, new president of the Victoria Conservative Association. James H. Beatty also spoke briefly.

J. C. Irons, manager of the Canadian Australasian Line in Vancouver, is in Victoria to-day on a business visit. He and his wife are staying at the Empress Hotel.

WAGE SCALE FOR PROJECTS IS SET

The executive of the city's public works committee, at a special session in the City Hall to-day, fixed the minimum wage to be paid outdoor construction workers in the city's \$100,000 loan projects at forty-five cents an hour. That wage was set on the understanding the workers would give full value for their pay. If the work of individuals is considered worth less than that amount, they will be demoted to the ordinary relief gang at a forty-cent-an-hour rate.

Purchase of shovels was also authorized by the executive for the projects. Work was started to-day on the 10th Street - Coronation Avenue drainage scheme.

On Friday evening next Bowler's Band will commence its weekly band practice at 7:15 o'clock, and not 7:30. Instruments must be cleaned, and all music brought to the practice, after which Mr. Bowler will give a fireworks yarn. "The Ghost Clock" will have lights out.

POLICE BOARD ISSUE REVIVED

McGavin Seeks to Bring Commission Dispute Before Council Again

Question over the ability of the City Council to hold a referendum on the police commission issue, declared beyond the scope of the council on Monday evening, will be raised again at the next meeting of the city body, Alderman Andrew McGavin announced to-day.

His reason for seeking re-introduction of the issue lay in legal opinion he has secured from R. T. Elliott, K.C., on the matter.

Mr. Elliott's communication to the city solicitor read as follows: "Alderman McGavin called on me about a referendum re police commissioners."

"It does not fall within the class of referendum on which city money can be spent."

"Provided the cost is paid by voluntary contribution, there will be nothing illegal in having the referendum carried on, with the ballots deposited in a separate box attended by special clerks, at the general election and in the same premises."

Alderman McGavin, in a statement to-day, stated he realized the outcome of the referendum could not force the issue to the point where a majority favoring an elective police commission would automatically bring that system into force. However, he said, if the referendum were held and carried, the authorities might well follow the wishes of the electorate as expressed in the referendum.

McGavin said he would be going to the mainland only when stress of work called for it.

Dunsyre Once Sailed The World's Oceans

WILL CONVERT DUNSYRE HERE

Lord Templetown Will Be Further Altered and Both Jobs Will Cost \$50,000

Conversion of the former sailing ship Dunsyre into a barge for the carriage of sawdust will be carried out in the Inner Harbor, Harb. B. Elworthy, manager of the Island Tug and Barge Company, said this morning.

Work on the big ship, which is nearly 60 feet in length, will start immediately and she will be ready for service by the first of the year. Employment, during the next six weeks will be given to a number of men, who will be put to work on the Dunsyre and also on the Lord Templetown, which will come here shortly for further alterations. She was also a sailing ship that was converted into a barge.

Outfitting and commissioning of both ships will cost in the neighborhood of \$50,000, it was stated.

The Island Tug and Barge Company's contract for the sawdust carriage has been extended, Mr. Elworthy said, and starting January 1 the seven barges operated by the company will carry 35,000 tons of sawdust each month.

PERSHING BACK FROM ENGLAND

Famous War-time Commander and H. G. Wells Passengers on Same Liner

New York, Nov. 20.—General John J. Pershing, commander-in-chief of the United States forces in the World War, who becomes Sir John when he goes to England—having been awarded the Grand Cross of the Order of the Bath by King George—returned here last week from Europe as a passenger aboard the Ss. Washington of the United States Lines.

General Pershing is chairman of the United States Battle Monuments Commission and it was in connection with his duties in this connection that he went to Europe. He spent some weeks in France, visiting the graves of Americans killed in the war.

Others on the same ship with General Pershing were H. G. Wells, the British novelist, who said he saw another World War in four years; Henry J. Allen, former Senator from Kansas, and Mrs. Allen; Max Baiglass, opera singer; and Mrs. Baiglass, opera singer; and Mrs. Baiglass, opera singer.

Arriving the same day aboard the Cunard-White Star motorship Britannic, also from Europe, was Thornton Wilder, widely known author, who wrote such well-known books as "The Bridge of San Luis Rey," "The Angel That Troubled the Waters," "The Trumpet Shall Sound," "The Cabala" and "The Woman of Andros."

Three years' work on the \$7,500,000 aircraft carrier Ark has just started in Birkenhead, England.

Canada To Have Streamline Locomotives

Marking the peak of engine development in the fifty years since the driving of the last spike at Craigellachie, the Canadian Pacific Railway has under construction five light-weight locomotives, which are being built to attain a speed of 110 miles per hour. Stream-line and an increased ratio of power to weight and fuel consumption are their outstanding characteristics. Many of the ideas incorporated in these engines are quite new, having been originated by Canadian Pacific engineers under the supervision of H. B. Bowen, Chief of Motive Power and Rolling Stock. In addition, the Company's engineers closely watched experiments made by leading railways of other countries, and have adapted and developed the best features brought out. The new Canadian Pacific engines mark a long step forward in locomotive construction.

The first five engines will be used to improve the Company's passenger service between Montreal and Quebec, and will haul at high speeds trains of new light-weight coaches now being built for the service. They are of 4-4-4 type, with a total engine and tender weight of 430,000 lbs., or about 33 per cent. lighter than engines now running, and designed to do the same relative work. This means a consequent

FERRY STRIKE NOT OVER YET

One Ferry Makes Run to Upper Olympic Peninsula, But Others Still Idle

Seattle, Nov. 20.—Ferry service to the Upper Olympic Peninsula was restored to-day by an agreement between the operators and striking masters' mates and pilots' and ferryboatmen's unions.

The Edmonds-Ludlow ferry Quillay, released for temporary service in place of the crippled Ballard of the Ballard-Ludlow Line, made the first run to the peninsula early to-day.

Since Monday, when the Ballard broke down, the upper peninsula was without contact with the west shore of Puget Sound, except by land.

The Washington Motor Coach Company announced the start of regular passenger and freight service to the peninsula over the Edmonds-Ludlow route, beginning to-day.

Conferees between union representatives and the ferryboat operators failed to restore service to inter-community points. Further meetings were planned to-day. Operators and union representatives said they still hoped for an early agreement ending the strike or at least a temporary arrangement which would permit the boats to resume their regular schedules.

A proposal by the operators that the striking men return to their ships pending an appeal of the disputed arbitration board award met with no immediate response from the union. Spokesmen said they were considering it.

San Francisco, Nov. 20.—Machinery for the calling of strike votes on "hot cargo" disputes was set up in a resolution made public to-day by officials of the Maritime Federation of the Pacific.

Federation officials were authorized by the convention to "institute immediately a strike vote of the Federation upon the request of the district council in any port affected by refusal to unload their boats."

Ryan said the opposition came not so much from employers as from "chambers of commerce" and shipping associations.

"New York officers of shipping lines have asked their southern branches to deal with the union," he said.

GLASGOW DOCK TROUBLE

Glasgow, Nov. 20.—Refusal by 4,000 striking dockworkers to accept conditions advanced by their employers to settle the walkout to-day seriously hampered shipping activity in Glasgow. Unloading of about fifty vessels in the harbor was impossible due to the dock trouble.

battle-of-freights she competed with the steamship with remarkable success, though I must say it was a losing battle. After the Great War she was forced to coil up her ropes and let her splendid hull be shelved on the mud flats of San Francisco Bay.

Crew Refuses War-time Bonus

San Pedro, Nov. 20.—Heeding, temporarily at least, what they regarded as the implied suggestion of Secretary of State Hull against the movement of aviation gasoline to the Italian Somaliland war zone, the crew of the freighter Oregon to-day decided not to accept war-time bonuses offered by owners of the vessel.

The decision, made at a meeting of the southern California council of the Maritime Federation of the Pacific Coast, delayed the scheduled sailing of the Oregon yesterday evening.

The council announced another meeting would be held to-day to again consider the issue.

LEAF PRIZES COME TO B.C.

Maritimes Have the Most Perfect Leaves, But This Province the Largest

Montreal, Nov. 20.—A perfectly formed leaf, vivid with the glories of a Canadian autumn, won for fourteen-year-old Gloria Robertson, Upper Dover, Westmoreland County, N.B., first prize of \$100 in the most beautiful maple leaf competition conducted this year by the Canadian Government through the Canadian Travel Bureau at Ottawa, in co-operation with the Canadian Pacific and Canadian National Railways. With thousands of entries from all over Canada, the land of the maples, the mounting and sorting of the exhibits was a tremendous task.

Second prize of \$40 was won by a beautiful specimen entered by Mrs. J. A. D'Amour of Metapedia, Quebec, and third prize of \$20 was captured by another beauty from the Maritimes, entered by Miss Ruth McKay, Miramichi Station, N.S.

It was an artist's job—picking the best of these perfectly-shaped leaves all beautifully colored by nature's paintbrush, and well-known Canadian artists acted as judges. They were Charles M. Simpson, B.C.A., Edwin H. Holgate, A.P.C.A., James Ross Perrier, A.R.C.A., and James Crockett, president of the Montreal Chapter, Guild of Canadian Commercial Artists.

The competition for the largest maple leaf was won for the second successive year by Richard Chambers, 169 West Pender Street, Vancouver, with a leaf 21½ by 10½ inches, or 235½ square inches. He receives a prize of \$30. This was the biggest leaf ever received. Mr. Chambers won last year with a leaf of 226½ square inches which he secured by climbing a tree forty feet high, although he was past seventy-one years of age at the time.

Second prize of \$10 in this phase of the competition was won by Mrs. H. A. D. Whitaker, Wadsworth P.O., West Vancouver, with a leaf twenty-one by nineteen inches, or 203 square inches.

On Saturday next the prize winning leaves together with a wide selection of the better entries will be put on exhibit on the fifth floor of Morgan's, St. Catherine Street, Montreal.

There were so many fine leaves entered, rivaling the winners for beauty, that some hundreds of them have been selected and mounted in panels for display at many points in the country. They will be started on their tour with the prize winners after the first three leaves.

In judging the leaves for beauty, the artists were faced with the best leaves contributed from every province of the Dominion in as wide a range of colors as would be found on an autumn drive through the country. The judging was done on shape, symmetry, color harmony and color range. Very few points separate the first three leaves.

J. M. R. Fairbairn, chief engineer of the Canadian Pacific Railway, and C. B. Brown, chief engineer of the Canadian National Railways, were judges in the biggest leaf phase of this nation-wide competition.

Shipping "Czar" Is Suggested

Rate War in North Atlantic Threatens, Officials Hear at Conference in New York

New York, Nov. 20.—In the face of a threatening rate war in the North Atlantic and shipping efforts to strengthen the American merchant marine, a proposal was received by the American Merchant Marine Conference yesterday to appoint a shipping "czar."

The suggestion was made to offer the post to Rev. Dr. Edmund A. Walsh, vice-president of Georgetown University in Washington, D.C., and regent of the School of Foreign Service.

A threatening rate war among merchant lines has brought to the point of dissolution the North Atlantic Continental Freight Conference, a similar organization for freight carriers.

The conference members are scheduled to disband Friday to take individual action for competitive protection, as the result of the withdrawal of the Black Diamond Lines over alleged competitive rate cuts by German vessels. Conference officials hope to avert the rate war through negotiations.

The conference also went on record for Federal aid to American shipping to overcome higher American costs of ship construction and operation.

John Garner Is Homeward Bound

Associated Press
Manila, P.I., Nov. 20.—America's congressional delegation to the recent inauguration of the Philippine Commonwealth sailed for home to-day to the accompaniment of a nineteen gun farewell salute to Vice-president John Nance Garner.

A few of the party of approximately fifty—the largest official group ever to make the 30,000 mile round trip—remained here, including Senator Burton K. Wheeler of Montana. His wife was confined to Stenberg Military Hospital with a digestive disorder. They will cruise around the world on the Ss. President Adams.

The party, aboard the President Jefferson, is due in Seattle December 15. With them will be paid envoys at China and Japan ports, Honolulu and Victoria, B.C.
